

U. S. ACTS TO PROTECT POLLS

WOMEN TO GET
LAST DRY LAW
WORD, ONE SAYSConvention Leader
Warns of Polls.

Washington, D. C., April 11.—[Special.]—Women, delegates to the women's national committee for law enforcement convention here this week, will be the first dry witnesses called in defense of the prohibition law to the judiciary committee resumes its public hearings on liquor legislation.

Out of deference to the women, who have assembled, representing 12,000, 600 club women in all parts of the country, the vets, still entitled to eleven hours in which to argue for modification, agreed to waive their right to tomorrow's session and will continue on Tuesday instead.

Held Mass Prayer Meeting.
After a series of afternoon meetings marked by the adoption of resolutions throwing responsibility for an admittedly serious condition throughout the country upon politicians and the metropolitan press, the women met in a mass prayer meeting in the Hotel Washington to pray for a national rebirth of respect for law and defeat of those who would liberalize the Volstead act.

Mrs. Henry W. Peabody of Boston, Mass., chairman of the women's national committee, opened the convention by presenting a message from President Coolidge in which the executive expressed his gratification at their interest in law enforcement and assured them that their interest was "heartening to those charged with the responsibility" of law enforcement.

"Law Obedience Not a Choice."
"In this message," said the President, "I desire to reiterate the following statement which I made on the subject of your present deliberations: 'The law represents the voice of the people. Beyond it, and supporting it, is a divine sanction. Enforcement of law and obedience to law, by the very nature of our institutions, are not matters of choice in this republic, but the expression of a moral requirement of living in accordance with the truth. They are clothed with a spiritual significance which is revealed in the life or the death of the American ideal of self-government.'"

"Never Given Fair Chance."
Liquor law enforcement has never had a real chance, according to a report submitted to the convention by its health, morals, and economics commission, which includes Mrs. Catherine Faugh McCallister and Miss Julia F. Deane, both of Evanston, Ill., and will have, the report continues, until women band together to "put the force into enforcement."

"That there is a serious situation," she does not deny," said Mrs. Peabody, in her opening address to the convention, during which she questioned the success of government control of liquor manufacture and sale, "but we keep in mind the gentle feminine policy settled ages ago—to say the last word which will, we believe, take form in the women's vote in this and all other issues which challenge women."

FUGITIVE BANK
TELLER AND GIRL
SEIZED ON COAST

Joseph H. Morrison, 32 year old teller of the Bankers' State bank, who left a shortage of \$15,000 behind when he fled from Chicago on March 15, was arrested in a cozy flat in San Francisco yesterday.

With him was Miss Florence McDonald, or Florence Lee, who is said to have suggested that he take bank funds to speculate in wheat.

Morrison admitted being an embezzler and announced that he would make a full confession to his crime here. He needed more funds to lavish on the girl, he said, and a wealthy friend of hers furnished the market tips on which he lost the money.

Charles Snyder, a La Salle street brokerage clerk, is also said to have spent money freely in the race for Miss Lee's favor. She asserted yesterday that she intended to stand by Morrison. Snyder, Morrison, and Miss Lee all lived at 1047 Leland avenue until their flight.

MUSSOLINI, IN
TRIPOLI, SOUNDS
EMPIRE TOCSINDestiny Pushes Us
On, He Says.

BY JOHN CLAYTON.
(Chicago Tribune Press Service.)

TRIPOLI, Africa, April 11.—"My voyage must not be interpreted as an administrative act, but as an affirmation of the power of the Italian people and a manifestation of the force which originates in Rome and which carries from Rome the symbols of its glorious triumph."

With these words as part of his reply to the colorful welcome which Tripoli today gave him, Premier Mussolini placed an unmistakable imperial significance on his visit to Africa.

"Italy Grows More Powerful."
"Fascist Italians," he continued, "you represent here Italy, which becomes daily more prosperous and powerful. Rome carries the beacon lamp of Latin strength to the shores of this African sea."

"Destiny pushes us toward this African coast. Nothing can halt destiny, still it is less inexorable than the will of the Italian people. You will understand me more for what I have said. Only this language is possible in fascist style."

Given Princely Salute.
Greeted by a salute of nineteen guns, generally accorded only to members of the royal family, and the pealing of bells and the sounding of sirens, Sig. Mussolini set foot on the soil of Africa this morning.

When the head of the Italian government had received the greetings of Gen. De Bono, governor of Libya, and Hasoun Pasha Crimani, former ruler of Tripoli, he delivered to them the message from his king.

A few minutes later Benito Mussolini, the corporal, astride a brown Arabian mount, took his station and prepared to review the troops. And Tripoli took Corp. Mussolini into its heart.

Wears Corporal's Chevrons.
The premier came ashore at 8:50 o'clock. A guard of honor, composed of a company of Fascist militia, an Italian military band, and two companies of Askaris, or native soldiers, met him, while Gen. De Bono, Hasoun Pasha, and Bishop Tonizza extended the official welcome. The brief ceremony was soon over, and Premier Mussolini mounted and rode toward the castle square reviewing stand.

Dressed in an olive drab uniform, bearing corporal's chevrons, his black Fascist cap surmounted by the white plume of a corporal of honor, and the collar of the Annunziata around his throat, Sig. Mussolini presented a martial picture more satisfying than all the gold lace, cocked hats, and ceremonial uniforms of the generals and admirals and their staffs.

Entering the square from the eastern wall, he rode past the stands to receive the wild acclamations of Italians and natives. Proudly erect, his chest out, he accepted the plaudits of the throng and returned the greetings of each section by lifting his arm in the Fascist salute.

Reviews Troops of Libya.
This ceremony completed, Premier Mussolini took his station on the east side of the square, where 3,000 Italian and native troops passed in review. It was a minute representation of the forces Italy musters for Libya, but the unsettled condition of the interior prevented the withdrawal of more troops from their posts.

Preceded by the honor guard and band, the first troops turned into the square. They were native and Italian soldiers. Closely followed by them was the Fascist militia in khaki uniforms, black shirts, and caps. Their bearing, marching, and general appearance in every way was better than that of the regulars. They are the pick of the Italian armed forces, this militia.

Natives Make Gorgeous Appearance.
Then came the Libyan Askaris. Ranging from a light green to coal black, these natives, uniformed in complete white, with blue tasselled red fez and orange vests, trotted past at double time, rifles held by the barrels, the flame over their right shoulders. As they passed the stout corporals, they lifted their guns high in the air as a salute. The Italian Askaris—Christians—six footers, with their height increased by the tall red tarbooshes and their white uniforms, draped around the middle with brilliant colored sashes, trotted past with their rifles in their right hands and saluted with "eyes left."

Before each company rode the Italian and native officers and the native priest in the high black hat of the Greek Orthodox church.

The native cavalry on shaggy tire.

TOURISTS HUNT IN VAIN
FOR VILLAGE VICE NEST
OF REFORMERS' VENOM

Sloan, Ia., April 11.—(AP)—Residents of this small northern Iowa town spent their first peaceful and quiet Sunday today since its newspaper and one of its ministers created a furor over vice conditions several weeks ago.

The Rev. Glenn R. Albrow, who followed J. F. Cooley, editor, in announcing that the town was comparable to the wicked Sodom of Biblical history, has left town, and the editor has sold the paper and is packing his belongings.

The rumple, which actually brought tourists here to inquire for sightseeing trips to the tendorium district, started when the editor published a denunciation of the town's "immoral and lawless element" after four Sloan men had been arrested on serious statutory charges in Sioux City.

Cooley and wife were the victims of a barrage of stale eggs shortly after his weekly came out with the denunciation.

SAVAGE, TRUDE END RACE, EACH CLAIMING FITNESS

Final Statements Stress
Importance of Office.

Municipal Judge Daniel P. Trude, De-
pen-Lundin candidate for county
judge, and Joseph P. Savage, Crowe-
Barrett candidate, yesterday issued
their final statements of the campaign,
each stressing the importance of both
the judicial and administrative func-
tions of the office.

The statements follow:
TRUDE—"The office of county
judge is both judicial and administra-
tive. Administrative, in that in Cook
county he has the entire management
and control of elections in Chicago, and
judicial because the judge has to do
with many important matters.

"As a lifelong Republican I promise
if selected to administer that branch
of the court and preside over the ju-
dicial branch fairly and impartially,
giving due consideration to all groups,
factions and parties as the law contem-
plates.

No Pledges Have Been Made.
"I have made no pledges of any
kind to any one, nor will I do so. My
record as a public servant was recently
approved by the Republican and
Democratic ex-president of the Chicago
Bar association as follows:
"The work of Judge Trude on the
Municipal court bench has earned the
unqualified approval of the bar. He is
upright, energetic, capable, and coura-
geous. He is exceptionally well quali-
fied for the office of county judge."

Given Majority in Bar Vote.
"Following the recommendation of
the board of managers of the Chicago
Bar association a vote was taken of
2,689 lawyers of Cook county and I
received 1,591 votes, while my oppo-
nent received 398 votes.

"I believe that these facts speak
for themselves and the issues are now
before the Republican voters at the
polls tomorrow."
SAVAGE—"I have outlined in
hundreds of speeches to my audiences
the numerous matters that come under
the jurisdiction of the County court
which are too numerous to mention
again. My legal experience has brought
me in close contact with the work of
that court. There are many matters
of great importance to the masses
which the county judge must meet and
settle.

Product of the Masses.
"It is a court that comes in close
contact with the great masses of peo-
ple of Cook county. I am a product of
the masses and understand more thor-
oughly than my opponent their needs
and environment.
"I want to call to the attention of
the people of Cook county the fact that
there are 7,500 lawyers practicing in
Chicago. The dues of the bar associa-
tion have recently been raised to a
point which prevents the rank and
file of lawyers from becoming mem-
bers. I have received the indorsement
of many hundreds of the rank and file
of the bar of Cook county, as I will
the majority of the rank and file of
the voters next Tuesday.

Has Made Own Way.
"I have not only had the necessary
legal training but, unlike my opponent,
I have had to make my own way in
the world, rubbing shoulders with the
plain people, which experience better
fits me to serve the people of Cook
county.
"I have made no pledge except to
the people of Cook county. That pledge
is that I will honestly and efficiently
serve all the people in both the judicial
and administrative branches of that
court."

LEFT WIDOW

Mrs. Luther Burbank, who was
several years younger than her hus-
band, the plant wizard, who died at
his Santa Rosa, Cal., home yester-
day.

(Pacific and Atlantic Photo.)

Boy Tries to Dynamite Saloon; Gets Prison Term

Oshkosh, Wis., April 11.—[Special.]
—Otto Krueger, Manitowoc youth, was
sentenced to one to seven years in the
Green Bay reformatory on his plea of
guilty to attempting to blow up the
saloon of Carl Schwanke at Darien.
Wis., on April 5. Members of the
boys' family turned him over to police
after he had escaped.

BURBANK'S BODY TO REST AMONG PLANTS HE LOVED

Died Believing That His
Creations Alone Survive.

Santa Rosa, Cal., April 11.—[Spe-
cial.]—Luther Burbank will lie
beneath the flowers and plants he created
and improved during the years of his
life. The body of the aged scientist
is to be buried in his experimental
garden here.

This will be done at the plea of the
world's leading horticulturist, who died
early this morning at the age of 77. A
memorial service will be held in Frank
Doyle Memorial park Wednesday. The
exercises will be devoid of religious
forms. There will be no ritual. Those
who will deliver eulogies are Judge
Ben Lindsey of Denver and the Rev.
Caleb S. Dutton, San Francisco Uni-
tarian pastor, old friends of Burbank.
The schools of Sonoma county will be
dismissed so the children may attend.

"One Life Sufficient."
On the record of his creations in
the plant world the scientist rests.
With the close of this life, he said
just before he died, there comes the
end of the individual.

"If it has been a good life it has
been sufficient," he said. "There is
no need for another. Once here and
gone the human life has served its
purpose. A theory of personal resur-
rection or reincarnation of the indi-
vidual is untenable."
To the end Burbank maintained that
all that lives after a man is gone is
the good he did in his life. He de-
clared that his object in increasing the

yield of plants was to better the con-
dition of his fellow men, believing "we
must look for survival only in the
spirit of what we did while here."

Loved Christ as a Man.
That was his creed. He recognized
a great universal power, but said he
could not "begin to comprehend what
that power was." "I," he said after
being stricken with his fatal illness,
"am an infidel, but a lover of Christ
as a man and for his works."

This statement aroused a storm of
protest. Burbank was swamped with
letters and telegrams condemning his
stand. The stress he was subjected to
in defending his beliefs brought on a
nervous collapse which hastened his
death.

That death he conceived as a return
to nothingness. The aged body will
be placed among the bulbs and buds
he loved; the spark which others call
the soul did not concern him. He did
not look forward to the great ad-
venture in which others believe. His
work, he held, was accomplished; his
reason for being was ended.

IDENTIFY BODY TAKEN FROM RIVER.
A body taken from the river at the 18th
street bridge, Saturday afternoon was yester-
day identified as that of N. J. Payne, 40
years old, of Duluth, Minn. Police believe
that he committed suicide about a week ago.

BRITTEN, BERTHA END CAMPAIGNS; EACH SEES WIN

Congressman Fred A. Britten and
his opponent in the Republican pri-
maries, Mrs. Bertha Baur, wound up
the campaign yesterday with final
statements at each other and with each
claiming victory tomorrow, Britten by
15,000 and Mrs. Baur by 5,000. Britten
referred to Mrs. Baur as Little Red
Riding Hood, who has shattered all
hopes of victory, while Mrs. Baur
called Britten a vote dodging blank in
congress.

The congressman had a few caustic
remarks for the "gold coast lady who
has as her campaign manager Tubby
Haffa, denounced by the Chicago
Crime commission as a personal bonds-

man for scores of murderers, burglars,
gunmen, and wife deserters." He ridi-
culed her recent beer wagon parade
organized from her headquarters in "a
converted saloon on Larabee street."
Mrs. Baur said: "I am facing Britten
on his useless record in congress, and
am willing to compare my record for
the last twenty years for welfare, char-
itable, and civic work in Chicago."

Mrs. Baur said Britten dodged the
vote on sustaining President Wilson's
veto of the Volstead act and on the
world court issue, that he voted
against passing the soldiers' bonus
over the President's veto and in four-
teen years has failed to land the
chairmanship of even an obscure
committee.

MAN FOUND DEAD IN ROOM.
Herbert Freilinger, 32 years old, was found
dead yesterday in his room at 2047 West
21st street. Although death is believed to
have been caused by heart disease, an inquest
will be held today.

STAY AT HOME, MEXICO TELLS ITS LABORERS

Warned Against Work in
U. S. Cotton Fields.

BY JOHN CORNYN.

(Chicago Tribune Press Service.)
Copyright, 1926: By The Chicago Tribune.
Mexico City, April 11.—Cotton farm-
ers of the United States will not have
Mexican labor this season if the min-
istry of industry can prevent Mexicans
from emigrating to the cotton planta-
tions of Texas, California, Louisiana,
and other parts of the United States.
It was stated officially today that the
minister has sent all Mexican agencies
circulars warning Mexicans of the
treatment and humiliation they would
meet from the American planters and
authorities. The department says the
cotton growers of California alone need
100,000 Mexican laborers.

The minister of agriculture is unan-
imously opposed to the emigration of
Mexican laborers to the United States
because this creates a problem for the
American government and Mexico. He
believes Mexicans should remain at
home with their own people, subject
to the conditions of labor to which
they are accustomed.

Laborers Needed by Mexico.

Mexico needs laborers. The develop-
ment of the country demands them.
They should learn that they have noth-
ing to gain in the labor fields in the
United States, the minister of industry
says. He claims his attitude is not in-
spired by hatred for foreigners, of
which part of the foreign press accuses
him, but a desire to protect Mexican
labor from inevitable disappointment.
Notwithstanding the attitude of the
government, Mexican laborers are
going northward in large numbers and
there is a prospect of scarcity of labor-
ers in the agricultural, mining, and in-
dustrial centers of northern Mexico.

Bishop Opposes Outside Dictation.

Bishop Creighton of the Episcopal
church of Mexico, addressing an Epis-
copal gathering, said Mexico knows
what is best for its own interests and
future development, and no one outside
the country should profess to dictate
what course the Mexican nationalism
and development shall take. He urged
fidelity to the laws of Mexico.

A party of twenty-four educators,
belonging to the Congregational
church, who arrived in Mexico last
night, headed by Herbert C. Herring,
head of the social relations department
of the church, expressed themselves
willing to work with the government.

COMMISSION DUE TO GET FRENCH DEBT PLAN SOON

PARIS, April 11.—Information re-
ceived here from French official
sources in Washington says the Amer-
ican debt funding commission will
convene in a few days to examine the
tentative agreement reached by Am-
bassador Henri Berenger and Secre-
tary of the Treasury Andrew Mellon
for paying the French war debt, re-

gardless of whether the senate has
ratified the Italian accord.

Cabled reports seem to confirm the
idea that Secretary Mellon favors ac-
cepting payments of \$25,000,000 to
\$30,000,000 on the war debt and grant-
ing a short moratorium on the \$20,-
000,000 annual interest France has
been paying on \$407,000,000 worth of
war stock purchased from the United
States in 1919.

The French hope to reduce the early
payments to Britain from \$12,500,000
[about \$62,500,000] to \$5,000,000 [about
\$25,000,000].

Ostrich Slayer, Arrested, Can't Recall Zoo Battle

Boston, Mass., April 11.—(AP)—Wil-
liam C. McIntyre, 28, is under arrest
on the charge of breaking and enter-
ing with intent to commit cruelty to
animals—to wit: the murder of Gov-
ernor, an ostrich, early Friday morn-
ing. McIntyre said he had been drink-
ing and remembered dimly having
taken a beating, but recollected no
such opponent as Governor.

less mounts—the Zepti, in khaki, Saviari in white uniforms with black vests and the Spahis with blue berouses flying in the breeze—followed the native foot soldiers. All the natives, both in the infantry and cavalry, were barefooted.

Camel Corps Appears.

Then came the most colorful troops of all—the Maharisti camel corps—on a fleet of "coursiers" or dromedaries.

Their garb was white, with snow white turbans covered with the berouse, which was dropped across the mouth and nose, leaving only the eyes showing. The Mecca green sashes and vests accented the snowy clothing. After them came the artillery, horse and motorized, the technical corps, searchlights, armored cars, and armed truck loads of these native troops, who as the "Byzantine column" are the terror of the Libyan desert.

As the last troops passed the honor guard closed in, with the natives crowding behind them and filling the empty sections of the reviewing stands.

Delivers Message of King.

While still mounted, Premier Mussolini delivered the message from King Victor Emmanuel to his African subjects, saying: "Our august and powerful sovereign, whom God protects and whom the people dearly love, has charged me to bring his greetings to this land which perpetually is Italian. I know your obedience to the laws. Being obedient to the laws, you will be protected eternally by the king's just decrees."

"My king and the Italian government, over which I have the honor to

preside, wish this beloved land which contains many vestiges of ancient Rome to be prosperous and happy."

Awaits Final Plaudits.

As he spoke, his words were translated into Arabic, phrase by phrase. When the ceremony was over, Premier Mussolini mounted the stairs leading into the castrle while guns boomed forth a salute and trumpets shrilled their fanfare. Framed in the doorway, his chest out, proud and erect, he paused for a few minutes for the last plaudits of the crowd, while every bell and whistle in Tripoli gave tongue.

Mussolini's Assailant Violent.

ROME, April 11.—(U. N. J.)—Violent fits of hysteria have weakened the condition of the Honorable Violet A. Gilson, who is held in the women's prison here for her attempt on the life of Premier Mussolini last week.

She alternately talks incoherently and weeps. Her hair is allowed to hang loose and she appears to officials to be on the verge of insanity at times. Frequently she gesticulates furiously, and then she will pass hours sitting motionless and speechless. In

moments of calm she demands word from her family or requests that her mail be brought to her. It is reported that Sig. Mussolini will ask the king to pardon the prisoner and hand her over to her family that they may care for her.

VICTIM OF GARY WRECK IS FOUND TO BE ORGANIST

Positive identification of the victim of the collision between two South Shore line trains near Gary, Ind., on Saturday as being Fred Greves, an organist of Crown Point, Ind., was made yesterday by Greves's wife.

Despite the charred condition of the body, Mrs. Greves said that from bits of clothing found, and the fact that Greves, known to have taken the train for Chicago, was not further heard from, she was sure of the identification.

Five other passengers, all men, were seriously hurt in the wreck and are in a hospital at Gary.

PA-IN-LAW RAPS CYNTHIA'S WISH TO DROP TITLE

LONDON, April 12.—(U. P.)—Sir Oswald Mosley, baronet, father of Oswald Mosley, who married Lady Cynthia, daughter of the late Marquis of Curzon, has written a letter to the Daily Mail, sharply scolding the couple respecting Lady Cynthia's declared wish to relinquish her title. He deprecates his son's subsequent allusion to this and his statement that he would take all necessary steps to relinquish the title to which he is heir.

The baronet, declaring himself a Conservative, and determined to remain so, continues:

"It has occurred to me that more valuable help would be rendered to the country by my Socialist son and daughter-in-law if, instead of achieving cheap publicity about relinquishing titles, they would take more material action and relinquish some of their wealth, and so help make easier the plight of some of their more unfortunate followers."

2 WIVES CLAIM SUSPECT HELD FOR BAD CHECKS

William Sone, 4117 Belleplaine avenue, arrested on suspicion of having passed bogus checks on several north side banks, turned out yesterday to be a bigamist, according to Detectives Edward Baynes, William Taub, and Paul Mielke of the Sheffield avenue station.

Sone was arrested Saturday. Bank officials failed to identify him and he protested his innocence. But while he gave his address as the Belleplaine avenue one, another—that of Mrs. Marie Sone, 4554 Kostner avenue—was found in his pocket.

"He left me about a year ago and I haven't known where to find him," said Mrs. Marie Sone.

"He married me about a year ago under the name of W. J. Bennett," said Mrs. Ruth Oberg Sone-Bennett. Mrs. Marie Sone rushed to the police station by taxi to sign a complaint against her husband.

ITALY TO CANCEL VOTES BY PEOPLE IN NEW STATE

Challenges Democratic Parliaments of World.

[Chicago Tribune Press Service.]

ROME, April 11.—Italy is preparing, through the decision of the grand council of the Fascist party, to cast aside general suffrage, proportional representation in parliament as chosen by the people at large, and the entire machinery of the democratic political system for syndicalism of a new and startling nature. It will concentrate the legislative powers in the senate, the members of which eventually will be chosen by the syndicates—the associations of capital and the unions of labor.

The present chamber of deputies probably will be the last and will sign its own death warrant when it has accepted the bill for senate reform. Italy probably has had its last national election as long as fascism is in power. Its lawmakers will be chosen only by syndicates recognized by the Fascist party, be they unions of capital, of production, or of labor.

In order to give THE TRIBUNE readers a clear idea of what this new system means from the Fascist point of view, THE TRIBUNE asked Edmondo Rossoni, now, next to Benito Mussolini, the dominating figure of Italy, to explain the motives and plans for the new regime of syndicalism, as he does here following:

THE NEW STATE

BY EDMONDO ROSSONI.

[Copyright: 1926: By The Chicago Tribune.]

"Syndicalistic reform of the senate is a new realization of the Fascist revolution, which must give much study to our opponents who are not unalterably fixed in their opinions. As universal democracy tells its way onward, it continually formulates projects without the capacity to realize them. Fascism, on the contrary, proposes and realizes objectives beyond its own problem which really belong within the postulate of democracy.

Following judicial acceptance of the syndicalistic constitution, the labor magistracy came as a reform in the senate—a reform which radically will transform this body in a short time, without a too rapid demolition, which would bring no result.

Control of Government. Fascism, after its revolutionary accomplishments of October, 1922, has followed, and is following, methods to control its forms of government in state organisms without disturbing the continuity of normal life. The reform

of the senate—that holy are of parliamentarism—at last is on the carpet. The present senators will remain in office, but all new appointments will result by nomination by the great associations of production and culture. These new corporate senators will remain nine years in office. In a few years all the senators will find themselves in this condition and the senate will constitute an organic representation of the nation, because the component parts will be drawn from organizations of labor and directors of production in technical and intellectual organizations.

"Political Country Fairs."

The results achieved by such a legislative body will show the unimportance and lack of utility of a parliament chosen through "political country fairs" by means of universal suffrage. The old style politicians will protest against these words of ours, but in their consciences they are as well convinced as we are that the old electoral system is criminal parliamentarism and is a degeneration of all principles, not only of order and authority but of freedom itself, when considered from a standpoint of the welfare of the nation and its people.

Fascism is sincere to the point of brutality; therefore it has the courage to laugh to scorn the empty demagogic phrases of the old political regimes. We of the cooperative syndicalists are most happy over the Fascist reforms toward a unification of legislative powers, because we have this unification on the realities of economic existence instead of the abstractions of political parties.

"Not a Marx State."

Our syndicalist ideas are anti-Marxist and anti-Soviet. It is well known that Sorel declared syndicalism should be an empty state. Empty it of what? Of its function—in order to create a new state.

We, however, proceed in another manner in that we fill the state. Of what? Realistic organic functions. We, therefore, are opposed to the biased nature of political parties, especially because a healthy policy cannot

separate itself from economic considerations. We also are opposed to the dangerous Sorelian methods, for we Fascist syndicalists are especially above all occupied with the union of power in the nation itself. From our standpoint, the decision of the grand council of the Fascist party is important because it builds a special government organ for syndical discipline. The syndicates of workers, which include technical and intellectual workers, will meet the syndicates of employers in this governmental organ, which could as well be a ministry as an integral part of the syndicalist institute, and directly dependent on the premier. In this way we will make much easier the application of syndicalism to the labor magistracy.

Capital and Labor.

In short, Italy really is on the way to solving the relations between capital and labor, a problem which torments the entire modern world. We have become convinced that neither capitalism and its purse, which always exists, works, nor socialism, which reduces the whole problem of the economy of production to the unrealizable, unattainable wishes of the proletariat, can solve the problem of social and industrial peace.

Among all classes each in itself is an insufficient guarantee of the development of civilization. The egoism of classes is the fundamental cause of social warfare. Common basic ideas in common with a productive national sense, therefore, is necessary.

Low State of Parliaments.

Good earnest reflection concerning the accomplishments of Fascism will soon convince many persons abroad. A great majority of Italians absolutely are convinced that the new civilization of the world is strides ahead of parliamentarism, that culprit looked upon

with disgust throughout Europe. In normal periods it was nothing more than a tedious inconclusive academy, while in great moments of history, such as the period of the world war it showed itself to be inferior to every problem it was called on to solve in that it was reduced to silence because of its organic lack of capacity when faced with the needs of the people to live and achieve victory.

This does not mean a step backward to the order of forms, which has no resemblance to the syndicalist regime of fascism. Fascism spells at the same time order of the hierarchy, together with the possibility of unlimited advances.

TOMORROW'S DECISIONS.

THE TRIBUNE recommends that the bond issues submitted be authorized in tomorrow's primary elections. They are for improvements required by the city's development. We recommend that the zoo be accepted. It will be a new attraction of wide appeal obtainable on advantageous terms and at little cost. We are for a yes vote on the boxing referendum. That will legalize another sport for such as like it and without doing any harm to the general good of the city. Neighboring states have not been hurt by permitting regulated boxing. Our present boxing laws are grotesque.

THE TRIBUNE favors Senator McKinley for re-nomination on the Republican ticket. In the circumstances his one term of experience in the senate and his fourteen years in the house of representatives give him an edge over Mr. Smith, conceding good qualifications to both candidates.

We regard it of the highest importance that Kinney be nominated for state treasurer over Small's candidate, Stratton. Stratton has been involved in almost all acts of the governor, including those in his trial at Waukegan for embezzlement. His election would be equivalent to putting Small again in the treasury in spite of the Supreme court decision that he must make restitution to the state of money he withheld when he was treasurer in 1916-1918. That amount is estimated at \$1,000,000. It would seem unbelievable that the state could permit such a recapture of control of public funds as is contemplated in Stratton's candidacy.

As we have said before, the interlocking of reputable and disreputable leadership in Republican factional combinations for local offices and the promotion of candidates for governor and for mayor of Chicago sends THE TRIBUNE to the woods.

We hope we are in the worst stretch of the road in the dark before dawn and that the reputable leadership will disentangle itself from the disreputable and corrupt and give the Republican party an issue later in another campaign in which decent citizens can vote knowing what they are doing.

CANDIDATES FOR THE BENCH AND STATE ASSEMBLY.
In expressing his choice of judicial and legislative candidates tomorrow, the voter will have two excellent guides to aid him in making wise selection. These guides are the recommendations of the Chicago Bar association and of the Legislative Voters' league.

In a news column of tomorrow's TRIBUNE will be printed the recommendations of these two organizations, and we can give the voter no better advice than to urge him to render these recommendations full consideration. THE TRIBUNE makes no omission in printing the Bar association's list, this being in the association's choice of candidates for the office of county judge. We regard the county judgeship as primarily a political office, controlling, as it does, the election machinery; its actual judicial functions are of minor importance. THE TRIBUNE, therefore, prefers to leave the choice of county judge to the individual voter's political discretion.

Concerning the selection of candidates for the other judicial offices, we believe the Bar association's recommendations may be followed with assurance. Candidates have been carefully considered and the resultant list of approved nominees should represent as nearly as possible the pick of the list. In examining candidates for the various places on the bench, the Bar association performs a high duty, seeking to better constantly the quality of the Chicago and Cook county judiciary. We believe the public will do its share in that duty by following the Bar association's recommendations.

What the Bar association has done in the case of judicial candidates the Legislative Voters' league has done in the case of candidates for the Illinois state senate and state house of representatives.

This primary election is a crucial one for Illinois. In the selection of candidates for the state assembly it is as important as the final election in November. The coming session of the legislature is to be marked by a struggle between the forces controlled by a discredited governor and the forces of those who look forward to a day of decent state government.

It must be the task of the people of Illinois to put into legislative office men who will not be controlled by orders from the executive mansion and who will see that justice is done to an official the charges against whom, of appropriating state funds, have been confirmed by the Supreme court of Illinois.

In accomplishing this task we believe the voter will do wisely to follow the recommendations of the Legislative Voters' league.

LABOR AND VOLSTEAD.
The chiefs of the American Federation of Labor, speaking before the senate subcommittee on the Volstead act, asked for beer and wine. They spoke for organized labor throughout the country and they discussed the question socially and from the viewpoint of the workingman's good.

Labor thinks, with justification, that prohibition was class legislation in its very essence. Wealth could and did avoid it. The law itself protected men of wealth and gave legality to their stores of liquor. They could put their fine wines and whiskeys in vaults and if thieves did not get them the law did not interfere with their use. Furthermore, even men of comfortable, although not affluent, circumstances could pay the contraband price.

In the conception of some of the great men of wealth in the United States prohibition was admittedly class legislation. They supported it and they gave money to the Anti-Saloon league because they thought that if they could regulate the personal habits and the home life of the workers they might get more out of them. Their idea did not so much concern the good of the nation as the good of their pocketbooks. We do not know all of the activities of all of these men, because the Anti-Saloon league has been able thus far to avoid an investigation and an accounting for its funds which would reveal their source and their expenditure.

Furthermore, the men of wealth behind prohibition were interested in dragging a herring across the trail of reform. There are people who must chase something and trust busting had been a popular political activity. Some wealth wanted to give this a new direction and to turn interest from corporations to social habits. That succeeded.

Labor feels particularly this imposition which exposed it to the worst concoctions of bootleg, limited its life of temperate enjoyment of healthy beer and the mild stimulant of wine, and did so on economic grounds. The representatives of labor say they do not want the barroom back. It was there a workman who would not be temperate in his family, just as he may now do with the bootlegger. They want a law which will permit temperance. So does sanity throughout the country.

WE CAN DO WITHOUT
PLASTER.

The plasterers' union decided the other day to take steps to obtain a five day week and \$1.75 an hour. The plasterers' week now is five and one-half days and the pay is \$1.50 an hour. They are asking \$70 for five days' work instead of \$66 for five and one-half days.

The higher wages go the better, we believe, provided increased pay is accompanied by increased production. The plasterers are not interested in production. They want more pay for less output. If their trade were underpaid at present, there might be more justice in their demand. They are not underpaid. Their present wage scale is not a maximum but a minimum schedule. They cannot be paid less than the scale, and they are frequently paid a great deal more by contractors who must bid against each other for workmen.

The plasterers are riding for a fall. Their own leaders appear to realize the situation and are advising the journeymen to accept the employers' offer of a \$12 day and a three year contract. If the union persists in its present attitude, builders will quickly discover they can get along with much less plaster than they have been in the habit of using. Substitutes will be developed. Walls will be left bare wherever possible.

The plasterers may find themselves in the same position as the anthracite coal miners and operators were after the last strike. The public found substitutes for hard coal and the industry in consequence lost some of its best markets forever. Plaster is no more essential than hard coal. If the cost of plastering becomes prohibitively high, industry and science will find a way to avoid using it.

WIDE AWAKE FLORIDA.

Florida is a live state when it comes to making laws adapted to its needs. Other states may fret and fume under the burden of laws whose only apparent function is to clutter up the statute book. They may clamor for new laws to meet some urgent condition, and clamor in vain. Not so Florida.

Florida made itself the softest state in the Union for a rich man to die in. Florida wanted to make itself attractive to the millionaire class. So it placed a clause in its constitution forever barring a state inheritance tax. Florida wanted to be the recreation center of the country. It lets horse racing run full blast.

Yet Florida didn't want to be run by any tin can tourist that came along, spent a year or so there, but never planned to make the state a permanent residence. So it is that Mrs. Ruth Bryan Owen, daughter of the late William Jennings Bryan, finds she cannot be a congressional candidate in Florida. Florida has a law requiring five years' citizenship in the state as one of the qualifications for office.

And the Florida Supreme court has held that five years means five consecutive years. Rich northerners may leave their money at the Florida race tracks. Millionaires may pass away in Florida and their estates will be immune from state tax. But Florida is going to continue to be run and represented by Floridians.

Editorial of the Day

SOME CAUSES OF CRIME.
[Grand Rapids (Mich.) Press.]

Dr. Bagley of Columbia university, speaking to the school men at the university last week, assumed the existence of a nation-wide crime wave and discussed the causes. These he summarized as follows: "A legal system that protects the criminal; laxity and leniency of law enforcement; material prosperity; and the mobility of population."

There is nothing new, of course, in this definition of causes. But the serious thing about it is the apparent unwillingness to change a legal system that protects the criminal or to insist upon more rigid law enforcement. It will not do to seek to put the blame for law enforcement problems. The real trouble lies with the inefficiency of the legal machinery for the punishment of crime.

Lawyers and judges recognize the evil, but nothing is done to eradicate them. The truth probably is that nothing short of a thoroughgoing and radical reorganization of our entire processes for the application and enforcement of criminal law will meet the case.

Such a reorganization would of necessity include a change in trial methods and a different attitude on the part of many trial judges toward technicalities and pretexts for delay. Before there can be any real remedy, there must also be a clarification of the confusion in the public mind between the acts of the criminal himself and those social conditions which breed crime.

HEREDITY AND MENTAL DISEASES.

HEREDITY is of fundamental importance in mania depressive insanity, dementia precox, constitutional psychopathic inferiority, feeble-mindedness, and Huntington's chorea, and of some importance in the paranoid conditions and in arteriosclerosis of the brain. This is one of the conclusions found in the study of heredity of the psychoses on morbid mental states made by the Association for Research in Nervous and Mental Diseases.

Feeble-mindedness appears to be hereditary in a large proportion of cases. Goddard's study made at Vineland showed a hereditary basis for 16 out of 300 cases of feeble-mindedness. Davenport thought the Goddard conclusion misleading because the Vineland population is picked.

He studied the feeble-minded in a public institution with the following result: "In general it may be doubted if, except in some cases of trauma, the factor of constitution or heredity is of great importance. Davenport could not see where meningitis had been proved to be the cause of feeble-mindedness. He thought it possible that syphilis of the mother was important. However, he thought Goddard had not given it the value he should. That only a small proportion of syphilis became paretic he thought meant that there was some danger of other manifestations than paretic insanity."

In epilepsy the committee thought heredity was of great importance. They say: "Studies show with certainty that epilepsy stands on a hereditary basis." The element of heredity is far greater in epilepsy than in insanity. The inheritance is a recessive. This means that it may be in the background in one generation, and come to the front in another.

In 10 to 90 per cent of the cases of dementia precox, inheritance factors can be established. If we recognize a dementia precox temperament as something akin to but yet different from dementia precox, the inheritance becomes still more important as a factor.

WILL PROVIDE FOR PARENTS.

Chicago, April 6.—(Friend of the People.)—My parents contemplate coming out here from Britain and will be medically examined there. My father, who is in good health otherwise, is slightly crippled in the legs and is afraid that he might be rejected for this unless he has something to show that he will not become a public charge here. I desire to have my father and mother come to live with me and to have them supported when they do come. Is there any way in which I can show the immigration officials here that I will be responsible for them and which will make things easier for them on their side?

ALIENS who are physically defective are inadmissible to the United States if it appears that the physical defect is of such a nature as to affect the alien's ability to make a living. You may, if you so desire, execute an affidavit setting forth your relationship to the alien, your financial responsibility, and a guarantee that the alien will not become a public charge in the United States. The affidavit should be forwarded in duplicate to the alien to be presented to the American consul when application is made for an immigration visa.

DELETED TAX PAYMENT.

Chicago, April 7.—(To the Legal Friend of the People.)—In 1923 I paid my income tax. Six months later I received a notice from the Internal Revenue Service that I had neglected to pay it. It is too late, and if not what will be the penalty? I always filed a tax schedule, but have had no income since, so have not filed. Is it necessary to file?

THE penalty provisions are set forth in the printed instructions accompanying the form for return. It does not seem likely any penalty will be assessed if you comply promptly with the next notice, if any. Of course, you cannot file an income tax schedule if you have no income.

WASHINGTON.—Rear Admiral Hildesheim is authority for the statement that the marriage of his daughter, Miss Martha Hildesheim, the reigning beauty of Washington, to James G. Blaine Jr. will take place on June 4. Admiral Hildesheim denied the story that he is opposed to the marriage.

CHICAGO.—Elder W. G. Voliva of Cincinnati has arrived in Chicago to hold other religious pictures at his assistant overseers in the work connected with the Christian Catholic church.

CHICAGO.—Miss Grace Buchanan, daughter of Mr. and Mrs. James N. Buchanan, 3635 Ellis avenue, and George Henry Lambert, were married at the home of the bride's parents by the Rev. Dr. Frank Fleetwood of Sycamore, Ill. In Evanston, Miss Elizabeth Revell, daughter of Mr. and Mrs. Plinius H. Revell, became the bride of George Bliss McCullum. The ceremony was at the First Presbyterian church, with the Rev. Dr. J. H. Boyd officiating.

CHICAGO.—The floating battery is now in place, commanding the barbettes guns of Fort Sumter. It carries two 34 pounders, two 42 pounders, and 64 mortars. The fleet of federal steamers is expected to appear tonight. The city is filled with troops ready for military camp all afternoon. Everybody expects to hear of the roar of artillery in Charleston harbor tomorrow.

TO WILLIE THE WEEPER, THE ONE MAN BAND.

Say, Willie The Weeper, The One Man Band,
When you play a tune, do you sit or stand?
You must sit, I suppose.
If you play with your toes,
As well as with fingers, with mouth, and with nose;
But, how can you do that and lead a parade?
How can a nonmarching band make the grade?

Oh, how can you tickle the saxophone,
And at the same time make the bassoon moan?
Play the piccolo shrill,
With flourish and trill,
Make the cymbals clash, or pause and be still?
The trumpet, the tuba, the snare and bass drum?
Oh, Willie The Weeper, you must go some!

Perhaps if I saw with my questioning eyes
The way you conduct your complete enterprise,
And heard, with my ears,
The plaudits and cheers,
And beheld the soft splash of your copious tears,
My wondering mind might at last understand,
Oh, Willie The Weeper, The One Man Band.

THIS IS CONTRIB'S DAY!

Very good—the very time to say something about one of our contributors who is a candidate for office. It's That Fella Down in Streator. He's a candidate on the county ticket down there. We don't know what county it is, but it's the county of which Streator is the county seat. We aren't sure what job he is a candidate for, but we think it's county treasurer. And we don't know whether he is a Republican or a Democrat, and neither do we care. Anyhow, we do know the name of That Fella Down in Streator. It's Bill Lewis; probably on the ticket it's William J. Lewis (we guess the middle initial is J.). Anyhow, Bill's written a lot of splendid things for the Line and you've all enjoyed them. If he gets a county job, he'll have lots of time on his hands and will write even bigger and better stuff than we've seen in that county, whatever it is, think kindly, when you vote, of our boy, That Fella Down in Streator.

We Bid Five Cents.

R. H. L.: If you wish to get in on the bidding for my copy of H. L. Mencken's latest frantic attempt for publicity, you will have to move quickly. I can't hold the bids open much longer.

Oh, Easy—We're Going Third Cabin.

R. H. L.: Tell me something, will you? How the devil did you manage to save enough to go to Europe? Here I've been saving and saving long on to—well, never mind how long—and I'm just as near there as I'd be if I were to go on roller skates. Will you tell me, huh?

BUCK TELLS A STORY.

Dick: So you had a visit with Buck MacNider and gave him a copy of the Linebook? Did you attend his dinner and hear his prize story? It dealt with who won the war. Some say the M.P.'s, and some claim the glory for the Q.M.'s. He gives it to the Q.M.'s. An officer of that much maligned branch had occasion to leave his post of safety far in the rear and proceed to the line. He went cautiously and for safety's sake left the road and cut through a piece of woods. Trudging through the knee-deep underbrush he stumbled over what he thought was a log, but it turned out to be a wounded German, who at once put in a claim for mercy, stating that he had never shot any of the Americans, but had always fired far over their heads. "You devil!" shouted the officer, "you are the rascal who has been shooting the quarter-masters!"

Once—Santa Claus.

RHL: I can't agree with The Spirit of '76, but my heart goes out to his cause. Shattered illusions are dreadful. I can still remember the shock of finding out that my father didn't know everything that the clergyman sometimes misquoted and often misinterpreted, and that Uncle Sam—well, the old gentleman has been pretty well dissected. I can remember covering my stricken patriotism with the flag and bearing it home like a wounded soldier. Did you ever have any illusions destroyed?

Spring came dancing over the hill,
In her hand a daffodil—
A daffodil to match her hair—
The gold of sunlight shimmered there.

In her hair the violets shy
Matched in hue her laughing eye.
Gown of green, anemone trimmed;
Hyacinths her white arms brimmed.

She waved her hand and cried in glee,
"Come, dear lady, dance with me;
Well dance o'er field and wooded hill,
In orchards sweet and singing rill,
But I must sweep and I must bake,
Wash the dishes and make a cake,
Churn the cream and darn the hose,
Cook the dinner and patch the clothes.

PARABLES AND REALITIES.

Chicago, April 5.—Since the starting of the world war I have heard a number of Americans and Europeans call the United States all sorts of names. However, the latest one to be added to Uncle Sam's distinguished collection of titles, which in my estimation beats anything I have heard, is that which was added by Dean Brown of Yale Divinity school, in his Easter message before the Sunday Evening club.

Any one who is at all acquainted with Dean Brown I know has a profound respect for the man personally. Yet, when Dr. Brown likens the United States to the Priest and Levite, typified in the parable of the Good Samaritan, I am wondering if he, too, like H. G. Wells, in his "Outline of History," does not exceed the bounds of true knowledge and try to construct for us an imaginary case of conduct.

I was born and raised abroad and I must be credited with a certain amount of first hand information, certainly far more than Dean Brown possesses. While the parable of the Good Samaritan is good, and makes an excellent subject for a sermon, how can you apply its teachings toward nations whose doctrine from time immemorial has been, "What is mine is mine and what is yours is mine"? Can we apply Dr. Brown's philosophy "What is mine is ours" toward nations which deliberately disregard every Christian doctrine which interferes with their schemes of plundering and debauchery? A. G. Chicago, April 8.—Could the people who so readily responded to the appeal to feed the birds during the recent snow be persuaded to put bells on their pet cats, these same birds might have a chance to survive. A BIRD'S FUTURE.

JURY DUTY.

Chicago, April 5.—Some time ago there was a controversy in your column about jury duty, some saying that they had never been called while others claimed they were called too often. For my part, I have surely had my share of this duty. It is a real hardship for me as it always occurs in my busy season and means time wasted to go down to be excused. I asked in the clerk's office how it was that I was always picked on and he said that my name was on the panel and would always be there until I left town. With no chance of having it removed, it would not be so bad if they would skip a year, but they are not even that generous.

I am up for duty again. It may seem like a small thing to throw a fit over, but it certainly is an injustice when there are so many men that are never called for this horrible, aggravating job and to make it worse it is always the freest court with never a thrill. A call for a hanging job would be more desirable and welcome.

STATE GROUPS
BACK A. F. OF L.;
ASK BEER, WINE

Most Federations Have
Asked Law Change.

New York, April 11.—[Special.]—Because of the question raised at last Friday's prohibition hearing in Washington, as to how many state federations had taken action similar to the resolution of the American Federation of Labor favoring modification of the Volstead law to permit light wines and

beer, the New York Times asked officials of the forty-eight state federations of labor for this information. The first thirty-two replies received tonight showed that fourteen state federations had adopted resolutions for modification and for wine and beer, and one repeal of the Volstead law. In addition, the members of eight other state federations, although no formal action had been taken, were in favor of modification, according to officials. Thus 23 of the 32 state federations were shown to be in favor of modification.

Some of the Replies.

Replies received from some of the states follow:

ALBANY, N. Y.—"The State Federation of Labor has been on record for seven years," declared John M. O'Hanlon, secretary, "as favoring a modification of the Volstead law. It has been included in our annual legislative programs and we have never attempted to hide our standing on the subject. We are in favor of modification now, just as we have been."

HARRISBURG, Pa.—The Pennsylvania Federation of Labor has gone on record on several occasions in favor of modification of the Volstead act. A resolution in favor of light wines and

beer was first adopted at the annual meeting of the convention at Scranton in 1922 and reaffirmed in 1923. A similar resolution was adopted at the 1925 convention.

Unreservedly for Change.

MILWAUKEE, Wis.—Organized labor of Wisconsin stands unreservedly for the modification of the Volstead act and the eighteenth amendment. James P. Sheehan, chairman of the state federation executive committee, declared.

LINCOLN, Neb.—I. S. Betzer, president of the Nebraska Federation of Labor, says the state association has not in recent years taken any action on prohibition, but adds that his impression is that the labor unions of the state were the issue put to a vote, would favor light wines and beer.

DES MOINES, Ia.—Laboring men in Iowa are divided on the Volstead modification question, according to Secretary Michael E. Sherman, but there is a strong sentiment for light wines and beer.

New Mexico for Wine and Beer.

ALBUQUERQUE, N. M.—New Mexico labor would favor modifying the Volstead act so as to allow light wines

and beers. J. H. Hanks, secretary of the state federation, said.

TOPEKA, Kas.—The Kansas Federation of Labor has taken no action on the approval or disapproval of the Volstead act. "The federation always stands for the initiative, referendum, and recall," said Dr. C. V. Hope, secretary of the Topeka federation. "Labor wants the prohibition issue submitted to a vote of the people of the State."

SEATTLE, Wash.—Although the Washington State Federation of Labor has never officially gone on record relative to prohibition, this organization is decidedly wet in sentiment, announced G. W. Roberg, vice president of the state body.

Arkansas an Exception.

LITTLE ROCK, Ark.—The subject of the Volstead act and prohibition never has been taken up officially by the Arkansas Federation of Labor and it is hardly likely it ever will be, according to H. M. Thackrey, secretary. "Our organization stands openly and firmly for law enforcement, prohibition laws included," he said.

LOUISVILLE, Ky.—The Kentucky State Federation of Labor, with a

normal membership of more than 100,000 men, is for modification of the Volstead act so as to allow the sale of light wines and beer. This has been the stand of the federation, Secretary Peter J. Campbell said, since the enactment of the act.

PORTLAND, Ore.—The Oregon State Federation of Labor has taken no action relative to altering the Volstead act and none is contemplated, according to B. W. Slesman, president.

Texas Sentiment Overwhelming.

DALLAS, Tex.—The Texas State Federation of Labor has never voted officially on the issue of a repeal or modification of the Volstead act. "There is no question, however, that an overwhelming majority of the federation's members are for the modification of the Volstead law," Secretary Slater said.

BOSTON, Mass.—Martin T. Joyce, state secretary of the American Federation of Labor, says the laboring men of Massachusetts do not want to see the saloon back again and have shown no disposition to lift a finger for the return of hard liquor, but favor a modification of the Volstead act so that light wines and beer may be legal.

MANY WOMEN
SEIZED IN RAIDS
ON NORTH SIDE

Capt. Luke Garrick of the Town Hall police station had his policemen busy all day yesterday raiding gambling, vice, and moonshine resorts on the north side.

At 4407 Sheridan road Sergt. Burke and Roach interrupted a potting party and booked eighteen men and five women on charges of disorderly conduct. John Trusch was arrested for keeping a disorderly house. The women gave their names as Anna Whader, 27, 5217 Winthrop avenue; Verna Rice, 28, 238 Leland avenue; Elinor Williams, 21, 4504 North Laverne; Helen Snyder, 25, 4504 Racine, and Lillian Hartman, 25, 2718 Argyle street.

Mrs. Hazel Most, her husband, Marcel, and Mrs. Dorothy Singer, 21 years old, 1714 Juneway terrace, were arrested at 2539 Broadway by Policemen Stapleton and Kernan, who found drinking and gambling. They booked Mrs. Most at the keeper.

Treasures for
Brides in the
Trousseau Room

Winter, like a spoiled stage favorite, is playing too many farewell. But here in the Trousseau Room is a gay promise that brides and June are sure to come. Here is everything assembled with charming informality just as a bride would arrange her trousseau for her friends to see.

And the Bride Wore

—a wedding gown that was a dream come true, a dream of satin and pearls and lace. Then because even the most deliciously feminine must meet the morning engagements in a manly way, there is a chic tailored costume, perfect in the simplicity of its lines. With this go a white satin gilet, and a black-grograin toque with a few stripes of irrepressible color. Then for her own and the world's delight she wears a glorious silver fox, a perfect frame for a happy face.

Lion Taming at Home

—when "my-husband" is bringing a visiting celebrity home dinner is made much simpler by a Lanvin model of changeable taffeta. Any bride will scintillate under the influence of its quaint full skirt and bouffant sleeves.

A Japanese Legend—

Once angels overcrowded a rainbow bridge and down, down fell the rainbow until it landed on earth in a million tiny flecks of gay color, and each one became a wild flower. There is an echo of these colors in the Trousseau exhibition for here are handkerchiefs gay as confetti, and voile lingerie repeating the soft pinks, yellows, orchids and blues of spring flowers.

Sixth Floor, North, State.

The BRIDE "White Her Gown..."

It may be a slim satin model from Lelong, perfect in joining exquisite dignity of simple, semi-fitted line, long tight sleeves, quaint frills of lace, with the young modernity of its swinging flare. Or there is the white antique moire, with lace bertha and pointed skirt. Bouffant frocks of taffeta for the simpler wedding are worn with equal correctness, but whatever her preference, she will find expression for it in our bridal selections. Gown Sections, Sixth Floor.

"... And Her Veil is White"

Mistily it drifts after her, softly caught about her high young head with a coronet of pearls and beaded lace, a bandeau of tiny blossoms, or held proudly with Spanish comb. The tulle may be all white, combined enchantingly with lace, or the ever-so-slight blush shade; and there is, too, a mellow ivory tulle she may choose to go with some bit of yellowed lace her grandmother wore. Orders for Veils take just a few days to be completed, and are perfectly carried out in accordance with the bride's preference. Veils, First Floor.

The Attendants Wear—

Light chiffon Frocks that flutter capriciously and period gowns of taffeta that rustle in rhythmic, colorful march down the aisle. Gown Sections, Sixth Floor.

Wide, transparent Brims that droop charmingly, their colors in harmony with the frocks. Fifth Floor.

Satin Pumps, tinted to match the gowns, or pastel suedes. Fourth Floor.

—and exquisitely sheer Hose. First Floor.

The Ins and Outs
Of Bridal Packing

Dazzlingly lovely Lingerie of white for the bridal ensemble itself, and soft layers of orchid, blush, green go into the trousseau trunks. Fifth Floor.

Negligees and Tea Gowns, feminine, lacy, are chosen with greatest care. Fifth Floor.

Woven silk Girdles, ribbon garter Belts, fragile Brassieres, creations of French designers, go into the trousseau. Fifth Floor.

And for the bridal luggage—a fitted Suitcase of gray or tan pigskin, with Hatbox to match, a petite overnight Bag; and, of course, a smart Wardrobe Trunk, modernly equipped. First and Fourth Floors.

2 STREET CARS CRUSH TAXICAB TO BITS; 7 HURT

Crowd in Panic at Crash;
Rush Ambulances.

(Picture on back page.)

Five adults and two children were injured, one seriously, last night when the taxicab in which they were riding was crushed between northbound and southbound surface cars at Milwaukee and Lowell avenue. William Baran, 32 years old, 2139 Lister street, was the most severely injured. One of his legs was broken and he may have been hurt internally, it was said at the Montrose Avenue hospital. With him were his wife, Josephine; their 7 year old daughter, Irene, and a 3 year old son, Lawrence; Stanley Blass, 2013 West Division street, and Joseph Prokowsky, 6901 Irving Park boulevard.

Cab Driver Is Held.

All were taken to the hospital, as was the driver, Alphonsus Shark, 1320 North Robey street. His injuries were slight. The Irving Park police decided to hold him.

Passengers on the two surface cars were thrown into a panic by the accident. Several of them viewed the almost totally destroyed cab and the victims striving to extricate themselves from the wreckage and notified the police that at least three had been killed.

Ambulances were rushed to the scene and the assistance of the fire department was asked in clearing away the wreck. The accident, it is said, occurred when Shark tried to cut around the southbound car.

Toll Raised to 200.

One death in a collision between two automobiles at 71st street and St. Lawrence avenue raised the toll of accidents in Cook county since Jan. 1 to 200.

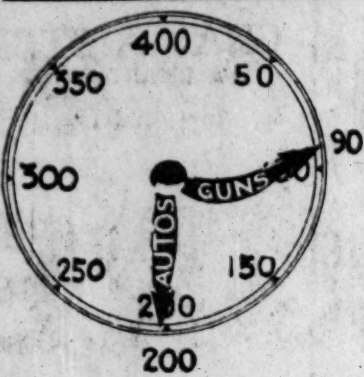

The victim was Paul Mullen, 51 years old, 10037 Wallace street. His silver and a larger car driven by Mrs. Ruth Watson Bell, 7301 South Park avenue, crashed with such force that they were thrown to opposite sides of the street. Mrs. Bell's 3 year old daughter, Renee, was injured and taken to the Jackson Park hospital. Mullen died while he was being taken to St. Bernard's hospital.

Mrs. W. E. Howett, 5440 East View park, was seriously injured late last night when the closed car in which she was riding along Sheridan road in Glenview struck a large bump. She was thrown from the rear seat and her head struck a support in the top. At the Highland Park hospital it was said her skull probably was fractured.

Costs Wisconsin \$1,000 to Try \$7 Chicken Theft

Whitewater, Wis., April 11.—(Special.)—That stern justice, as applied in Wisconsin, can work havoc with city treasuries is demonstrated in the case of Kenneth Davis, charged with stealing five chickens valued at \$7. Davis was arrested in Jackson, Tenn., and two Whitewater officers who went after him spent more than \$200 on traveling expenses. Incidental expenses and court costs will swell the total to more than \$1,000.

TWO DROWN IN POOLS LEFT BY MELTING SNOW

Two men were found drowned yesterday in shallow pools left on the far south side by the melting snow.

One of the victims was John Evans, 60 years old, 10542 Avenue N. His body was lying face down in a narrow ditch at 108th street and the Pennsylvania railroad tracks. It is believed that he suffered a heart attack while passing along the tracks and fell down an incline to the water.

The other man is unidentified. His body was lying in a puddle in the flooded area near Kedzie and Archer avenues. He was about 60 years old and fairly well dressed. No marks of violence were found.

PERFECT SERUM TO CUT DEATHS FROM MEASLES

Berea, Ky., April 11.—(Special.)—A serum which will prevent complications and resultant deaths from measles and which will shorten the course of the disease from twelve to approximately five days has been perfected by physicians of Berea college and the New York City board of health, according to Dr. Robert H. Cowley of Berea college. The formula originated with the New York state health board, Dr. Cowley said.

The serum is made by taking the blood from a patient recovering from measles and placing it on ice with chemicals which will prevent the blood from clotting. After the corpuscles have settled to the bottom of the receptacle the serum is drawn.

EIGHTY MILES PER HOUR

CHRYSLER IMPERIAL "80"

CONCLUSIVE SUPERIORITY

IT isn't merely because the Chrysler Imperial "80" is new that it takes top position among today's fine cars. It is because of the difference, the sheer superiority, which are so obvious and so conclusive in every department of performance. The best of previous quality and skill never before brought to motoring the Chrysler "80" results, or the Chrysler "80" finesse. Sound all but completely disappears. Sense of propulsion likewise. Speed is a gentle merging of one pace into another—a gliding so smooth and steady that it is almost imperceptible until your eye lights on the speedometer reading. You'd never guess, from the feel of the engine, that 92 horse-power is the development of those mighty cylinders. And underlying and supporting all the rest, is the Chrysler quality which is the very essence of long life.

ACCESSORIES

Appropriate for the Bride

THERE are many subtle points of good taste to be considered in choosing one's bridal finery. If the Bride-to-Be loves a wedding of magnificence, or if she prefers simplicity, the appropriate details are easily accessible. In choosing the bridal gown, or the whole trousseau with its accompanying accessories, there is one sure way of knowing the deep satisfaction which correctness and beauty bring. That way—is to choose the Bridal Attire at Stevens.

Bridal Gifts

For SHOWERS
When Spring reigns, Bridal Showers are in evidence. The latter are far more important to the little Bride-to-Be, especially when they take the form of a Lingerie Shower:

Glove Silk Vests
Glove Silk Bloomers
Glove Silk Pajamas
Cape de Chine Slip-ins
Cape Satin Combinations
Satin Night-Robes

The Wedding ACCESSORIES

THE VEIL

The Head-dress is always a very important and lovely feature of the bridal tradition. The wedding veil should be from three to five yards long, trailing on the same length as the train. For the youthful, ingenue type of bride who wears a bouffant gown, the veil should reach just below the skirt. Whether you will wear Great-Grandmother's veil, hidden away in the attic these many years, or a new net veil, more in keeping with the youthful gown, it will be correct and smart if Stevens make the head-dress.

VEILINGS—FIRST FLOOR

THE TRAIN

For the formal wedding, many a bride will choose the full Court Train of tulle, edged with rare old lace; or a magnificent panel of the bridal satin itself. These are most effective with the gowns of today—simple in line, but rich in creamy satins, crepes, Mirrokrees, and Satin Francais.

SILKS—SECOND FLOOR

THE SLIPPER

A gleaming White Satin Pump with a fashionable high heel, will step daintily along a flower-strewn aisle. For the correct wedding hosiery to match, Stevens suggest the sheerest silk imaginable—a gossamer white "Delmar" chiffon—flawless in weave and sheen.

SHOES AND HOSE—FIRST FLOOR

THE GIRDLE

The girle, soft and supple, or the combination Ceinture and brassiere gives the correct smooth lines that the fashionable bridal gowns demand. Dainty girdles, step-ins, and bandeaus of ribbon and lace are shown in peach, flesh, and white. All are fitted with Stevens unique service.

CORSETS—SECOND FLOOR

THE LINGERIE

Exquisite Bridal Sets, combinations and night robes to match are being shown now at Stevens. Beautiful white satin crepes and crepes de Chine, trimmed with Alencons and Normandy lace, are belted with two-toned ribbon and adorned with tiny rosebuds.

LINGERIE—SECOND FLOOR

THE NEGLIGEE

A charming Negligee or Tea-gown seems absolutely essential to the Bride. There are all kinds and descriptions of beautiful ones to choose from at Stevens. Tastefully adorned with flower pockets and sheer lace, one little blue chiffon negligee is particularly fascinating for the Spring Bride.

NEGLIGES—SECOND FLOOR

THE JEWELRY

Rare antiques vie in beauty with modern pieces in Stevens Costume Jewelry Section. Many of them are lovely enough to be treasured as heirlooms. The Bride-to-Be will easily find here the necklace, brooch, earrings, or bracelet appropriate to every costume.

COSTUME JEWELRY

The Honeymoon ACCESSORIES

The tailor is a perfect costume in which to start the wedding journey, be it by motor, rail, or boat. It forms the smartest background for the new accessories. Here at Stevens you will find the correct Vestee for every type of suit; the newest Scarfs (many are exact replicas of those worn by men last winter); the chic large square silk kerchief for the pocket; and a new boutonniere bouquet of small flowers, which brings a variation from the single flower that has been popular for so long.

VESTES—SCARFS—HANDKERCHIEFS—FLOWERS—FIRST FLOOR

THE HANDBAG

Stevens feature Reptilian and Ostrich Leather Bags to carry with the tailleur. An extensive collection of imports and fine replicas of bags from the large French houses—Fatu, Lanvin, and O'Rosen—are shown here in a variety of colors, leathers, silks, and beaded effects. Many match our shoes.

LEATHER GOODS—FIRST FLOOR

THE SHOES AND HOSE

Smart Reptilian Shoes, with "Delmar" Lace-Cloak Hosiery in harmonizing shades, are suggested by Stevens as a smart finish to the tailleur. The Bride-to-Be may choose from a wide assortment of Oxfords, Satin Pumps, and Kid Ties, in the newest styles and colors. There is a whole gamut of tints and shades in sheer "Delmar" Chiffon hosiery, from which to make her selection at Stevens.

SHOES AND HOSE—FIRST FLOOR

THE GLOVES

The bride will find Gloves at Stevens appropriate for every occasion. For the wedding trip, nothing could be more lovely than Stevens "Kislay" slip-on glove of very fine doeklin. Besides being smart, it has the decided advantage of washing beautifully.

BRIDE-TO-BE IS KILLED BY GAS; FIANCE IS HELD

Inquest Today to Solve
Mystery Death.

(Picture on back page.)

Their arms full of pretty things for the home they hoped soon to have, Irene Helmink, 18 years old, and her fiancé, Edward Ragowski, 19 years old, 2016 Armitage avenue, returned Saturday evening to where she lived at 2007 Point street after a shopping tour on Milwaukee avenue.

But the wedding they had planned for next Thursday will not take place, for by 11 o'clock Irene was dead and Edward was in custody at the Shakespeare avenue station. He will appear before a coroner's jury this afternoon to explain the mysterious circumstances of the girl's death.

Girl Is Found Dead.

According to the story of Mrs. Catherine McDonough, with whom Irene lived, the girl came into the home with Edward. The gas water heater in the kitchen had been going all afternoon. At about 11 o'clock, Mrs. McDonough said, she felt faint and suddenly fell unconscious. When she regained consciousness at 2 o'clock she found Edward on his knees beside the bed where the girl lay dead.

"He told me he smelled gas and turned off the heater," Mrs. McDonough said. "He saw me lying on the floor, but did not call for aid. When he returned to the girl's bedroom he found his sweetheart asphyxiated."

Couple Frequently Quarreled.

It was not until Mrs. McDonough was able to telephone for Police Sergeant William Hanrahan and Dr. M. Penchala, 1108 Sacramento boulevard that help was solicited. The couple had frequently quarreled, Mrs. McDonough declared. Irene left her home, at 1618 Roscoe street, several months ago, because her parents objected to her engagement.

Mrs. Florence Dwyer, 22 years old,

2913 West Adams street, was asphyxiated in her home yesterday. Gas jets were open and Warren avenue police believe she committed suicide.

Frank Kanabara, 28 years old, 1427 Wicker Park avenue, was found asphyxiated by fumes from the auto engine exhaust in his garage early yesterday morning.

Capture Fourth Convict in Tennessee Prison Delivery

Nashville, Tenn., April 11.—(AP)—The fourth convict of the seventeen who escaped from the state penitentiary Friday night, when two guards were overpowered and locked in cells, was taken today, several miles from Nashville. He is A. H. Martindale, a life termer, convicted of murdering his wife. Three others were taken yesterday.

JOHN W. WEEKS, SPEEDING HOME, GAINS IN HEALTH

Albuquerque, N. M., April 11.—(U. N.)—John W. Weeks, former secretary of war, observed his 66th birthday Sunday aboard his special car which is speeding toward Washington on the Santa Fe railroad.

The former secretary is homeward bound to recover from a heart attack which he suffered in Pasadena, Cal., yesterday.

His condition as he passed through here late this afternoon was favorable.

MIND MANAGER; SEIZE TIRES.

Two men bound Glenn Whitfield, night manager of a garage at 3240 East 63d street, yesterday and after throwing him into an automobile in the rear part of the place, escaped with thirteen tires and \$20.

D'OLISY TO TRY PARIS TO TOKIO FLIGHT IN 4 DAYS

BY HENRY WALES

(Chicago Tribune Press Service.)

PARIS, April 11.—A flight from Paris to Tokio in four days is now being planned by the French military aviation service. The machine and the engine for the flight are being rushed toward completion. It is expected that the hop will start about May 15.

Capt. Georges Pelletier D'Oisy, who flew to Japan two years ago, will be the pilot, accompanied by M. Degoyes and M. Collet.

Arrangements have been completed with Germany and Russia permitting the French flyers to cross Europe and Asia in a straight line, traversing Russia for the first time.

Moscow on First Day, Plan.
"I expect to make Moscow the first day without landing, then over the Ural mountains to Siberia, making Irkutsk on the second day," Capt. D'Oisy said. "Then, on the third day, I intend to cross Mongolia and the Chinese wall to Peking, and on the fourth day to fly down the Korean peninsula to Tokio."

The plane to be used is a No. 28 Potez biplane, with a 600 horse power Lorraine-Dietrich motor, in which the pilot expects to fly at an altitude of 7,000 feet.

Arctic Dirigible in England.

(Chicago Tribune Press Service.)
LONDON, April 11.—The dirigible Norge, in which Capt. Roald Amundsen and Lincoln Ellsworth will make their new attempt to fly to the north pole, appeared over the Puhaim air-drome at 2:45 p. m. today. It had made the trip from Rome in thirty-one hours. The ship was piloted on the last part of the journey by Maj. Scott, British airship expert, and was safely moored by 6 o'clock. Flight conditions on the way were favorable.

Cobham to Fly to Australia.

(Chicago Tribune Press Service.)
SYDNEY, April 11.—Capt. Alan Cobham, who recently flew to South Africa from London, is starting a London to Melbourne flight on April 20. It is expected he will follow the route of Ross Smith. The itinerary after landing at Darwin will be through the northern territory by way of the Katherine

NEW PARIS TO TOKIO FLIGHT

The map shows the route which will be taken by Capt. D'Oisy, the French aviation flyer, in his projected flight from Paris to Tokio in four days. The high powered plane which will be used for the trip is already near completion, so as to be ready for the aviator by about May 15, when he hopes to start.

FRANCE, SPAIN DIFFER ON PLAN FOR RIFF PEACE

(Chicago Tribune Press Service.)

PARIS, April 11.—Several minor divergences of view between the Spanish and French governments were revealed in today's conversation at the ministry of war with the Spanish representative, Lopez Olivan, and Minister of War Paul Painleve, Gen. Simon, and M. Poincaré. It was found necessary to refer certain questions to Gen. Primo de Rivera, the Spanish dictator, so the departure of the peace delegates has been postponed until Tuesday morning. M. Painleve announced the negotiations for peace would start at Oudja, Morocco, April 16. Reports from Fez say Abd-el Krim, the Rifian leader, has ordered his tribesmen to cease hostilities.

COPS STOP WILD WEST STAMPEDE IN YARDS WRECK

(Chicago Tribune Press Service.)

Ten cattle were killed, eight more were so badly injured they were shot, and a dozen more stampeded in wild west fashion through the streets of La Grange early yesterday when the freight car in which they were being shipped to the stockyards was sidetracked and cut in two by a north-bound Indiana Harbor belt line freight train at East Calendar avenue and the Indiana Harbor Belt tracks.

The accident occurred when a defective coupling gave way while a switch engine was "setting out" the car of cattle. Patrolmen Ellsworth Mitchell and George Mosher of La Grange, turning cowboys, rounded up the frightened animals and shot the injured.

Chicago's Most Beautiful Linen Shop

Pushman's Exhibition and Selling of Lavere Rugs

including many large and odd sizes

Lavere Rugs, woven in the Kerman District of Southern Persia, have for centuries been famous for their fine weave and rich appearance. Their pure Persian designs and beautifully blended colorings make them ideal coverings for the floors of large rooms.

Our collection of these beautiful pieces has just been augmented by a late importation which included many large and odd sizes usually so hard to secure. Any one wishing an exceptionally fine rug for a large or unusual shaped room will very likely find just what they wish in this collection.

A few of the pieces are mentioned below:

27x12.1	\$4,500	25.10x12	\$3,250
A masterpiece in a very unusual size. Shah Abbas design in gold, ivory, tan and blue on rose ground. Blue and tan border.		All over design on blue ground with tan, rose and light blue border.	
22.4x13.2	\$2,850	25.8x11	\$3,000
All over floral design on copper rose ground with a border in dark and light blue.		All over design on mulberry ground. Blue border.	
20x12.10	\$2,500	19.7x13.10	\$2,750
Floral design on dark blue ground. Rose and tan border.		Blue ground, border in rose and light blue.	
21x10	\$2,000	23x10	\$2,250
An unusually heavy rug. All over design on ivory and rose center. Blue border.		Rose ground, blue border.	
19.6x10.5	\$1,850	24x9	\$2,000
A copy of an old silk rug. The design in mulberry, tan and green on a blue ground, with a blue border.		A most unusual size. Well covered design on blue ground. Rose and tan border.	
		16.3x9.1	\$1,500

\$43,000,000 CON BUBBLE BURSTS; 3 YOUTHS NABBED

Colored Boy Accused in
Tile Man's Story.

(Picture on back page.)

Beautiful and rainbow hued as it was for a time, the \$43,000,000 bubble artfully blown by Charles E. Humphries, 23 years old, colored, burst early yesterday.

Humphries, sartorially splendid, and two others, Harry McAlpin, colored, three year man of the University of Wisconsin, and Donald Winans, white friend, were arrested by Serge. George Melican and Philip Castin of the detective bureau, assisted by A. R. Lapitz and J. A. Seaton of the Burns Detective agency.

Young Humphries is alleged to have gained the confidence of Henry Jansen, tile contractor of 207 North Michigan avenue, to the extent of \$10,000 to \$15,000 with his tales of a refrigerator car patent which ostensibly had netted him \$43,000,000. Whether McAlpin and Winans are dupes also, or whether they were accomplices, the detectives and Burns operatives have yet to determine.

Arrested at His Home.

All three were arrested at the home of Humphries, 4510 Forrestville avenue. Winans is said to own his own home at 4501 North Knox avenue.

The colored boy, with his scheme of vast riches as a bait, did his work with some thoroughness, the police said. He told the detectives he conceived the scheme in the basement of a friend's house near his home in St. Louis, developed it while he worked as a bellhop in the Broadmore hotel in Chicago, and finally started to work it when he thought he had it perfected.

He was introduced to Jansen, the contractor, by his uncle, Louis Owens, 6614 Rhodes avenue. Mr. Owens, now dead, apparently believed his nephew's stories and for his service young Humphries, after the uncle's death, said he would make a will making his aunt beneficiary of \$2,500,000, which, he told the police, she took to be entirely in good faith.

Story He Told Contractor.

After his introduction to Mr. Jansen, Humphries told the contractor he had sold his rights to a vacuum ice space in a refrigerator car to the Pacific Coast Sales company of Los Angeles for \$43,782,000 and that he held notes for that amount.

In the furtherance of this scheme, the youth exhibited notes. He displayed letters from the Postman's bank of St. Louis purporting to show that various notes for \$300,000 and \$654,000 and \$5,000,000 would be taken up at various dates.

One letter on the stationery of the bank, purporting to be signed by "C. J. Eland, second assistant cashier," said the \$654,000 was there on deposit for Mr. Humphries and, referring to the \$43,000,000, continued: "In about two weeks, I am very glad to state, we will be able to inform you concerning the payment of your large draft."

Used Real Patent Number.

In his purported patent rights, drawn for him by a south side Y. M. C. A. colored student, young Humphries, according to the Burns operatives, used the actual serial number of such a patent, issued in the name of Humphries & Humphries of Kalamazoo, Mich., a concern which builds refrigerator car parts.

PROBE MYSTERY SHOOTING; HINT BURGLARY SEQUEL

Police are trying to solve the mystery surrounding the shooting of Alphonse Fiore, 36 years old, 1106 South Morgan street, who was found half-conscious, a bullet wound in his back, at Morgan and Taylor streets early yesterday. Fiore refused to talk later at the Mother Cabrini hospital. One theory is that Fiore is a burglar suspect fired upon by Policemen John Ryan and Edward Bietuss when he refused to halt following a burglary at the home of Samuel Drucker, 727 South Ashland avenue.

How "quality" adds to style
in the pretty shoes you buy

Good looks are only part of shoe style. You get good-looking shoes in Walk-Overs, but you get more than that. You get the correct and flattering line created by years of knowing how to make shoes smart. You get master craftsmanship that makes new shoes keep their smart good looks. That is quality, and added to snug fit, it gives Walk-Overs that indefinable beauty which is style.

DEATHS IN DRUG ORGIES START PARIS CRUSADE

Montmartre Combed for Dope Peddlers.

BY HENRY WALES.

(Copyright, 1926, By The Chicago Tribune.)

PARIS, April 11.—The importation of deadly, unadulterated cocaine and heroin from German pharmaceutical works in the Rhineland is believed to be responsible for a series of sudden deaths of well known demimondaines and actresses, Paris police declared today.

The prefecture has thrown a dragnet of sleuths around the Latin quarter and Montmartre night resorts in an attempt to capture the leaders of the band that is trafficking in the drugs, which are declared to have caused the deaths of half a dozen women in the last few weeks. Certain well known downtown hotels are also being watched. Washroom attendants, bell-boys, bartenders, and others are suspected of selling the "snow." It is claimed many wealthy American and English tourists are among the purchasers of the drugs.

The authorities believe many of the cocaine and heroin addicts are habitués who have been sniffling a weakened drug, made with a mixture of boracic acid crystals. Those who died are believed to have accidentally taken equally large doses of the pure stuff introduced from Germany by the new dope ring.

Prominent Actress Dies.

Following the death of a well known actress and night life figure, Wanda Sylvano, and proposition of her friend, Gabrielle Hyrard, woman lawyer and secretary, to Deputy Evain, representing the Seine district, came the revelation today that Gabry Durafor, formerly a mannequin for a leading dressmaker largely patronized by Americans and notorious in night resorts, died from an overdose of dope.

With the arrest of Josephine Du Fayet, whose name and address figured among the letters found among the dead girl's effects, the police captured twelve pounds of cocaine and heroin, originating at the Mercier factory at Darmstadt. They learned that a group of traffickers had been smuggling the

stuff across the frontier near Nancy. Later they arrested Heinrich Mayer, aged 41, formerly a captain in the imperial German navy, living at Mannheim; Joseph Balard, a French gendarme, and Charles Revart, a former gendarme.

Get Montmartre "Peddlers."

The Paris police arrested a couple of Italian, Angelo Moretti, aged 35, and Noel Chioavarini, aged 48, for distributing "snow" in the Montmartre district. Moretti, who is short and deformed, pretended to be humpbacked and had eight pounds of drugs hidden in a false cardboard hump on his back under his coat.

Seize Smuggled Opium.

MARSEILLES, April 11.—Customs officers, boarding an English freighter arriving from China and Australia, found opium valued at 250,000 francs (\$3,622) in cans concealed in the carcasses of frozen mutton and cattle.

LIES ON TRACKS; DIES OF INJURIES. Eau Claire, Wis., April 11.—(Special.)—Frank Modl, 30, died here today of injuries received when he was run over by an inter-urban car here last night. Modl, dazed with moonshine, laid down to sleep on the inter-urban tracks.

CATHOLICS GAIN 224,694 IN 1925, DIRECTORY SAYS

New York, April 11.—(Special.)—The Roman Catholic church in the United States gained 224,694 members during 1925, according to P. J. Kennedy and Sons, publishers of the official Catholic directory. This is practically one-third of the membership gains among the Christian churches in 1925, the publishers state.

The statistics show that there are now 24,352 Roman Catholic priests in this country, 12,592 young men preparing for the priesthood and 2,072,466 pupils in parochial schools.

"The gain in church membership this year is 224,694," says Kennedy. "This is especially interesting just now in view of the fact that statistics published in the April 3 issue of the Christian Herald show a total gain in membership for all Christian churches of 753,556," continues Kennedy.

"The largest gain made by any church in the United States, according to the Christian Herald, is that of the fifteen bodies in the Methodist group, a gain of 220,182."

CZARIST RALLY TO SMASH REDS ENDS IN FIZZLE

PARIS, April 11.—(AP)—Bolshevism is secure from the power of the old régime of Russia, the leaders of which assembled in Paris in the most momentous congress of emigrés ever staged. This has ended in a failure to agree even on a formula for an offensive against the Reds.

The reluctance of Grand Duke Nicholas Nikolaiévitch to attend any of the meetings, internal bickering in the congress, and the fact that the monarchists devoted more time to disputing among themselves than to presenting a solid front against a common enemy appear to have spelled the doom of any efficient attempt to overthrow

the Russian Soviets from this quarter. The wrecking of the right parties' hopes seemed inevitable after the left section of the congress, with the aid of the president, Prof. Strouve, this afternoon voted against the formation of a permanent committee to carry on an active struggle to drive the bolsheviks out of Russia.

Claim Hohenzollerns Owe Prussia \$1,750,000 in Taxes

[Chicago Tribune Press Service.] BERLIN, April 11.—The Hohenzollerns owe the Prussian government \$1,750,000 in taxes, according to the Democratic party press service. The Prussian finance minister has refused to confirm or contradict this statement. It is known that Prussia claims \$750,000 from the crown prince as back taxes on the Oels estate.

RUSH 80 MILLION TO CUBA TO STEM RUNS ON BANKS

Pickpockets Rob Many of Withdrawn Deposits.

HAVANA, April 11.—(AP)—Currency to the amount of \$80,000,000 is being brought to Cuba by American and Canadian banks to meet the demand of their depositors for payment of deposits, which reached its crest yesterday when the Royal Bank of Canada was besieged by thousands of small depositors.

An official treasury announcement today said \$5,000,000 would arrive here tonight on board the Cuban cruiser Cuba for the federal reserve bank's agent, and \$45,000,000 more by Tuesday morning. Government funds deposited in the Royal Bank of Canada and the National City bank of New York were transitory, and with the arrival of the two shipments the banks would be in point of actual monetary reserve available, the strongest in the world, the statement added.

A special train left Havana early this morning for cities east of here with \$18,000,000 in currency for Royal Bank of Canada branches throughout the republic. The run extended throughout the island, with the Royal Bank of Canada the chief sufferer.

Pickpockets' Hauls Big. As soon as the banks opened their doors yesterday police began receiving reports of activities of pickpockets in the crowds besieging the doors of the institutions. Losses as high as \$10,000 were reported.

One old woman, feeble and infirm, had stood in line for several hours with her savings book clutched in her hands.

THOUSANDS TURNED AWAY FROM HARTFORD DEBUT OF GIRL SINGER

Hartford, Conn., April 11.—[Special.]—Marion Talley made her operatic debut here this afternoon and 4,000 persons warmly approved the action of Mayor N. C. Stevens in presenting the young visitor with a key to the city. While thousands of admirers were inside the Capitol theater, where Miss Talley sang her regular program with numerous encores, other thousands stood outside and at the stage entrance. Police had their hands full, and Miss Talley had to make a scramble through men and women who rushed her at the stage entrance.

with fear plainly showing on her wrinkled face, haggard from lack of sleep. She drew \$5,000, her lifetime savings. As she tremblingly made her way through the crowd her face was joyful. Two blocks from the bank she shrieked and sank to the pavement. A pickpocket had stolen her money. She told the police she was penniless.

\$7,000,000 at Key West.

Atlanta, Ga., April 11.—(AP)—The \$7,000,000 shipped from the Sixth district federal reserve bank here to the federal reserve agent at Havana, Cuba, late today was at Key West awaiting transportation to Havana. M. B. Wellborn, governor of the Atlanta bank, said. An additional \$1,000,000 was en route to Havana from the New Orleans federal reserve bank, Mr. Wellborn added.

Within the last three days the Atlanta bank and the bank at Jacksonville, Fla., have dispatched \$13,000,000 additional to the Havana bank. Mr.

Wellborn said that the amounts sent in the two shipments from Atlanta, one from New Orleans and one from Jacksonville totaled \$50,000,000. Special guards were employed at Key West to care for the money there.

Cuban Admits \$45,000 Theft.

Denver, Colo., April 11.—(AP)—T. F. Alaisa, dapper 28 year old Cuban, today indicated he would not resist extradition to Cuba to face a charge of absconding with \$45,000 from the Sancti Spiritus branch of the Royal Bank of Canada. He was arrested yesterday after he had aroused suspicion at the bank.

He told police of entering the Cuban bank where he was employed the night of March 13 and filling three suitcases with currency from the vault. He was

an accountant and had been entrusted with a key.

He was \$5,000 in debt, he said, and was being paid \$150 a month. Seeing no way in which he could meet his obligations, he planned the robbery.

Wife Takes Poison After Quarrel with Her Husband

Following a quarrel with her husband, Raymond, over whether they should continue to live in the same house with his parents, Mrs. Emily Talbot, 22 years old, ran into a bedroom at her home, 6832 South Ladin street, yesterday, and swallowed poison. She was taken to St. Bernard's hospital, where physicians said she would probably recover.

KIMBALL REPRODUCING PIANOS

NO privilege is more valued than intimate association with the great ones of the higher arts. Yet every evening you may enjoy in your own home the inspiring companionship of a De Pachmann, a Liebling, a Levy, and many another genius whose name is honored wherever music is known.

The KIMBALL Reproducing Piano brings these great pianists before you as though in bodily presence. Through the marvelous Welte* principle, each incidental of touch and technique is brought to life on its keys, so that the artist's very character and personality is identified with every note and phrase.

And have you seen what delightful new numbers are added each month to the Welte-Mignon* records—both classical, popular and dance music. The April list is unusually attractive; why not come today and hear some of these selections played?

WIDOW ACCUSES STAR BOARDER OF GARY MURDER

BULLETIN.

Mrs. Virginia Mullins after an all night's grilling by the Gary police told them that she saw W. A. Donaldson, boarder in the Mullins home, fire the shot that killed her husband in a Gary park last Thursday night.

"I did not see the first shot fired," she said. "But my husband fell when the bullet struck him. Then Donaldson came up to him as he lay on the ground and fired the shot that killed him."

Mrs. Mullins denied she had plotted with Mullins to murder her husband, but said she had shielded him since the shooting because of her love for him.

Frankly admitting a love affair with

a roomer in her home, Mrs. Virginia Mullins, 44 years old, of Gary, Ind., yesterday dramatically pointed out the roomer, W. A. Donaldson, 33, and accused him of shooting down her husband, Joseph, last Thursday night as the husband and wife strolled through East Side park.

"It's a lie," shouted Donaldson.

"You know it's true," cried Fred.

23 years old, eldest of the five Mullins children, making a lunge at Donaldson.

With difficulty Capt. John R. Smith and James Vodka of the Gary police restrained young Mullins and took him weeping with rage from the courtroom where the investigation was held.

Despite hours of further questioning by the two police captains, Donaldson, who has been in custody since the night of the murder, maintained his innocence.

"Bill Donaldson and I have been secretly in love for five years," she said.

"We have met many times in secret, and once last fall the police caught us

sitting together in an automobile in lovers' lane in West Gary.

"Several months ago Donaldson persuaded Joe, my husband, to take out a \$3,000 life insurance policy. I believe he intended then to kill Joe, but of course I have no proof of it."

Inquiry revealed that Donaldson some time ago owned an automatic pistol, but police so far have been unable to find it. He says he sold it.

Later Capt. Smith, accompanied by a squad of detectives, departed hurriedly in search of Michael Legura, said to be a former bootlegger. Legura, it was explained, is an intimate friend of Donaldson and fits closely the description of the slayer as furnished by Mrs. Mullins.

Asks Movies to Hypnotize Britons to Be Patriotic

LONDON, April 11. (AP)—Many spectators are hypnotized by watching motion pictures, and consequently, British audiences should be given more pictures reflecting British sentiments, Dr. H. P. Newsholme, medical officer of Crofton, said in a speech.

DAIRMEN ACT TO CITE BUNDESEN IN CONTEMPT TODAY

A petition asking that Health Commissioner Herman N. Bundesen be cited for contempt of court in connection with the barring of nontuberculin tested milk from the Chicago market will be presented to Judge William J. Fulton in the Circuit court at Geneva today.

The complainants are milk producers, who assert that the commissioner, in following the provisions of the city's pure milk ordinance, is violating an injunction issued by Judge Fulton.

First Assistant Corporation Counsel Leon Hornstein said last night that the city had accepted notification on the petition and that an assistant corporation counsel would appear in the court and request time to answer the allegations made by the farmers.

Wisconsin to Kill 18,000 Cows.

Madison, Wis., April 11.—[Special.]—The \$450,000 appropriation that will be asked of the legislature when it con-

venes in special session here on Thursday to rush the work of eradicating bovine tuberculosis will rid the state of about 18,000 diseased animals, it is estimated here.

The emergency which necessitated the calling of the special session is directly traceable to the action of the city of Chicago in deciding not to accept milk unless it came from tested herds.

If the special appropriation is passed, as it probably will be, the Badger state will spend more than \$1,500,000 to eradicate tuberculosis from its herds this year.

Drive your carbon troubles out the exhaust

by using a wholly distilled oil

The oil you're using produces light, fluffy carbon, so will your gasoline, so does Sunoco.

But if your oil has cylinder stock or paraffin wax in it, the fluffy carbon can't be blown out the exhaust—because these sticky substances hold it. The heat bakes it and—there's your hard carbon.

No absolutely pure oil can cause hard carbon. That's why, with Sunoco, your carbon troubles go out the exhaust, and do not remain in the firing chamber to cause you trouble and expense.

BROWNING PLANS FOR HONEYMOON ACROSS THE SEA

Cold Spring, N. Y., April 11.—[Special.]—Edward W. Browning, married here yesterday to 15 year old Frances Heenan, thirty-six years his junior, plans a long European honeymoon for his bride. The gray haired really broker, debonaire and smiling, permitted that item of news to percolate out today through a friend.

The broker who had gloried in the limelight during his unsuccessful attempt to adopt Mary Louise Spas last year was a changed man. Only once did he emerge from back of the protecting patrol of the constable. Then he made a quick trip to the town hall and listened to a program by the children's band.

Ten of the eighteen members of the band are girls. When the program was over Mr. Browning, with courtly bows, gave each girl a bouquet of pink and white carnations and told how interested he was in the welfare of youth.

Persistent reports that no legal bar would intervene between the happy couple and the trip abroad reached here. A proceeding by the New York Society for the Prevention of Cruelty to Children is pending in the Children's court in New York City. Vincent T. Pisarra, chief agent of the society, entered a petition seeking to have the girl's mother, Mrs. Catherine Heenan, removed as guardian on the ground that she was unfitted.

Mr. Pisarra tonight declined to make a statement. It was said, in connection with the report that the guardian proceedings might be quashed, that Browning, by his wedding, assumed the mother's rôle of guardian.

Joseph F. Kilduff
for STATE TREASURER

You have been reading and hearing much about a Governor's candidate and a Senator's candidate for the office of State Treasurer—each backed by a particular group of politicians. You learn how certain banks will benefit through deposits of State moneys, but—not a word about the candidate of the people who pay their taxes that the State government and its institutions may function as they should.

Joseph F. Kilduff of Peru and La Salle, Illinois, at present serving his first term in public office as County Treasurer of La Salle County, the second largest county in our State, has conscientiously served all the people doing business through the office of County Treasurer in a most businesslike and courteous way.

He is a candidate for the nomination for State Treasurer upon the Republican ballot at the primaries on Tuesday, April 13th. Mr. Kilduff is not affiliated with any group of politicians backed by State officers or United States Senators. He asks your vote at the primary upon his personal merit and ability acquired through his public service as merchant and banker, promising, if chosen, to keep politics out of the office of State Treasurer.

Primary Election day is Tuesday, April 13th. Be sure to vote and be sure to vote for KILDUFF, and YOU will help to keep politics out of the office of State Treasurer.

Read This Resolution by La Salle County Bankers' Federation

"RESOLVED: That the members of La Salle County Bankers' Federation, irrespective of politics, recommend to the Republican voters of the State of Illinois the candidacy of Joseph F. Kilduff of this county for State Treasurer.

"We, his neighbors and friends, recommend him as a man of absolutely unimpeachable integrity, of the highest order of ability, accommodating and courteous, with considerable banking experience, as at one time he was president of the La Salle National Bank.

"His management of the financial affairs of La Salle County as County Treasurer has shown his ability for careful, economical and honest management of immense sums of money, and we believe him fully capable of filling the office of State Treasurer."

CANADA STIRRED BY "TRUE STORY" OF VIMY BATTLE

British Blamed for Big Losses; Byng Mum.

BY GEORGE SMITH.
[Chicago Tribune Press Service.]
[Copyright, 1926, By The Chicago Tribune.]
Ottawa, Ont., April 11.—Charges against certain unnamed British officers of "almost criminal carelessness," in connection with the taking of Vimy Ridge by the Canadians nine years ago are stirring Canada today from coast to coast.

Canada's governor general, Lord Byng, who commanded the Canadian troops on that occasion, and members of his Vimy staff are being besieged with questions by newspapers. They refuse to make a denial other than the terse statement of Col. Sutherland Brown of the Ottawa headquarters staff that the British at no time in the war "let the Canadians down."

Charges Unnecessary Slaughter.
The sensational statements, alleging that the British failed to provide efficient artillery preparation for their share in the memorable Vimy attack, and alleging unnecessary slaughter in front of Oppy by reason of the undamaged German barbed wire entanglements, are carried in the Toronto Globe in a cable from that newspaper's former editor, T. Stewart Lyon, now in Vimy, France. As Canadian press cor-

IOWA LABOR PLEADS WITH SENATE AGAINST OUSTING BROOKHART

W. Brookhart of Iowa, whose seat in the United States senate is the subject of a contest by Daniel F. Steck, his Democratic opponent in the last general election. Telegrams to every member of the senate and to many members of the house were sent last today by J. C. Lewis, president of the labor organization, urging that their influence be used in behalf of Brookhart tomorrow when a vote is taken in the senate on the seating of the junior Iowa senator.

The telegrams recite that Brookhart was "elected by the people and certified by the proper officials of the state of Iowa according to the Iowa election laws."

GREAT SPIRE OF TOULOUSE FALLS; WOMAN KILLED

[Chicago Tribune Press Service.]
PARIS, April 11.—After standing for five centuries in lacy beauty, the famous Gothic spire of the church of La Dalbade at Toulouse, 270 feet high, crashed to earth at 3 a. m. today.

Mme. Denan, wife of a baker, was killed in the bakery across the street. Her husband was crushed, but may live. Their assistant is missing.

For the last thirty years the old tower, built in the fifteenth century, has been in a precarious state and was forced to stand silently, lest the vibrations from the great bell send it tumbling down. Unlike the Gothic monuments of the Paris region and north of France, which are built of stone, La Dalbade was constructed with bricks.

It has been several times reconstructed but the bricks kept crumbling, and three weeks ago the cure warned the populace that it seemed to be ready to go any day. Services were held nevertheless.

Charles V. Barrett was born in Chicago and has resided here all his life. He is married and has a family consisting of his wife and six children. He is a graduate of the Froebel School, Joseph Medill High School, University of Illinois. He has been actively engaged in the practice of law since 1903, and is thoroughly qualified by education and experience for the office which he now holds.

During Charles V. Barrett's term on the Board of Review he has been courteous and considerate in his dealings with the public and has made a record for honesty and efficiency which merits the support of all good citizens.

What Leading Citizens say about Charles V. Barrett Republican Candidate for Member Board of Review

SILAS H. STRAWN, American Delegation, Chinese Customs Tariff; Former President, Chicago Bar Association:

"I take great pleasure in endorsing the candidacy of Charles V. Barrett for Member of the Board of Review because of his record as a faithful and efficient public servant. I have known Mr. Barrett for many years, and have high regard for him as a lawyer, public official and citizen. I hope that he may be re-nominated and re-elected as a Member of the Board of Review."

GEORGE W. DIXON, President, Arthur Dixon Transfer Company:

"At the coming Primary Election Charles V. Barrett is a candidate for the Republican nomination for Member of the Board of Review, and I take great pleasure in recommending him for this position. I have known him for a number of years and believe he has demonstrated his fitness for this position. He is a well grounded lawyer and knows business and public affairs, and because of his splendid record for ability and fairness I believe he should command the respect and support of all public spirited citizens."

MOSES E. GREENBAUM, President, Greenbaum Sons Bank & Trust Company:

"Because of his known reputation for honesty, fairness, and real ability as a Reviewer I feel it the duty of all voters to support the candidacy of Charles V. Barrett for re-nomination and re-election as a Member of the Board of Review."

JUDGE WILLIAM N. GEMMILL:

"I take this occasion to express my hope that Charles V. Barrett will be re-nominated and re-elected. His work in the Board of Review has been conscientious and painstaking and well merits his re-election. It is with genuine satisfaction, therefore, that I endorse his candidacy, and will do all I can to promote it."

EDWIN W. SIMS, Former United States District Attorney, and Former President, Chicago Crime Commission:

"Charles V. Barrett has been a courteous, painstaking and efficient public servant. His temperament, ability and experience especially qualify him for re-election to the Board of Review. He has made an exceptional and highly satisfactory record in office. He should be re-nominated and re-elected on his record."

GEORGE P. MERRICK, of the Firm of Bayley, Merrick, Webster & Gregory, Lawyers:

"I am glad that Charles V. Barrett is a candidate for re-election as a member of the Board of Review, which position he has so long well filled. I have known Mr. Barrett for many years and have had personal contact with him in the trial of law suits in which we opposed each other. I have found him always straightforward, courteous and square as a dic. He has conducted the business of the Board of Review courteously and efficiently, and I sincerely hope that he will be re-elected so that the people of Cook County may have him to observe and protect their interests."

JUDGE JOHN H. LYLE:

"Mr. Barrett's work as Chairman of the Board of Review was praised before the Council Finance Committee in my hearing by representatives of the school teachers, Police and Fire Departments, labor unions and other civic organizations. He is entitled to re-nomination and re-election on his record."

MRS. MEDILL McCORMICK, Republican National Committeewoman for the State of Illinois:

"I take great pleasure in endorsing Charles V. Barrett as a candidate for the Board of Review. He is a man of proved ability and deserves re-election. The women will be particularly interested in his candidacy because of his willingness at all times to co-operate with their political efforts."

CHARLES S. CUTTING, Former Judge of the Probate Court of Cook County and Former President, Chicago Bar Association:

"I have found the Board of Review, over which Charles V. Barrett has the honor to preside, exceptionally efficient. His personal candidity for re-election, in view of his experience and proficiency in this work, meets with my approval and I shall be pleased to see him re-nominated and re-elected."

JAMES TODD, of the Firm of Todd & Plummer, Lawyers, Chicago:

"I have known Charles V. Barrett for more than twenty years. He has made an enviable record as a member of the Board of Review and has been honest, capable and efficient in discharging the duties of his office. In my judgment we need men of his type in public office."

JOHN F. SMULSKI, President, Northwestern Trust & Savings Bank:

"Charles V. Barrett's eminent fairness, uniform courtesy, prompt and strict attention to the exacting duties of the office which he has filled so creditably for the past eight years, have won for him many friends, who irrespective of party affiliations, will spontaneously rally to the support of his candidacy for re-election. While there seems to be no doubt of his success at the polls, I want to assure him of the sincere and loyal support of myself and my friends, who are aware of and appreciate his friendship and loyalty."

JUDGE JESSE HOLDOM:

"I have known Charles V. Barrett for more than twenty years. He has discharged the duties of his office efficiently. He has been assiduous in his attention to his duties and forceful in the administration of his office. He has served the people and conserved their best interests fairly and impartially. In my judgment, he should be re-nominated and re-elected."

JUDGE WALTER P. STEFFEN:

"I heartily commend Charles V. Barrett's candidacy to my fellow citizens of Cook County. During the past eight years he has diligently served this community. His fairness and his capacity for the work entitles him to the support of the voters of our County in the coming Primary and Election."

JUDGE MARCUS KAVANAGH:

"I take great pleasure in endorsing the candidacy of Charles V. Barrett. I do this influenced by no political consideration, but only because of his personal character and fitness. He is a product of Chicago and typifies its energy and earnestness. He has never broken his word or failed of a trust. He has shown himself always a conscientious, capable, high minded gentleman, faithful in the performance of his official duties and reliable in all of his private relations."

REV. JOHNSTON MYERS, Pastor, Emanuel Baptist Church:

"I have known Charles V. Barrett for several years as a friend. Friends get closer to each other and know each other better than politicians or business associates can. Charles Barrett is a real friend of all the people. He is kind, sympathetic, fair minded and just. His patriotism and integrity have never been questioned by those who have known him in private and public life."

BRIG. GEN. NATHAN WILLIAM MACCHESNEY, Lawyer:

"It has been necessary for me in connection with various public, professional and personal matters to appear before the Board of Review from time to time and I have uniformly found Charles V. Barrett courteous, considerate, alive to the public's interest, yet anxious to be just and fair to the taxpayer in the matters coming before him. The public will be well served by his re-election."

REV. MICHAEL O'SULLIVAN, Pastor, St. Bridget's Church, Chicago:

"Charles V. Barrett has discharged his duties honorably and conscientiously, and has been a consistent friend of the small taxpayer who has always found in him a courteous and considerate public official. He is entitled to re-election on his record."

COOK COUNTY WAGE-EARNERS' LEAGUE, M. J. Kelly, President:

"The Cook County Wage-Earners' League, composed of forty-six labor unions, representing more than one hundred fifty thousand members, has endorsed and is actively supporting Charles V. Barrett in his campaign for re-nomination and re-election as member of the Board of Review."

WILLIAM C. HOLLISTER, President, Champlin Law Printing Company:

"The functions of the Board of Review have never been performed in a more conscientious and intelligent manner than by the present Board. A large share of the credit for this is due to Charles V. Barrett. Not to re-elect Charles V. Barrett would amount to putting a premium on inefficient public service."

ENAR LINDEBLAD, President, Klester Steel Corporation, and President, The Swedish Club of Chicago:

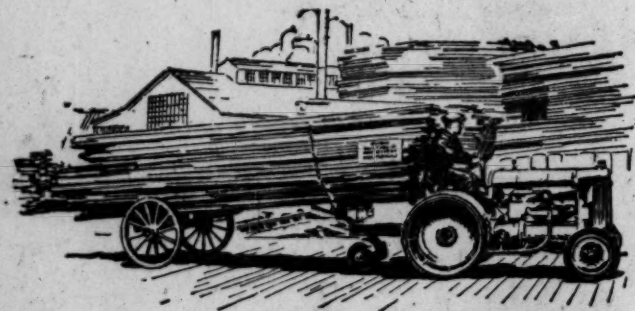

"I wish to express my admiration and appreciation for the efficient manner in which Charles V. Barrett has handled the duties of his office. Notwithstanding the arduous duties connected with his office, 'courtesy' has always been paramount in all his transactions, and he is certainly deserving of the entire support of our citizens in his campaign for re-election."

F. S. HENDRICKS, President, Builders' & Contractors' Club:

"Charles V. Barrett has performed his work on the Board of Review in a business-like, efficient and courteous manner, and because of his excellent record he should receive the support of all citizens who believe that faithful service should be recognized."

What Confronts the Republican Voters of Chicago and Cook County at the Primaries

The outstanding issue is whether the Republican voters shall name the candidates of the Republican Party on our local Republican tickets or whether the Republican candidates shall be named by a bipartisan combination of Republican and Democratic leaders.

For four years past the Republican members of this bipartisan combination, led by Robert E. Crowe, State's Attorney, Charles V. Barrett, member of the Board of Review, Homer K. Galpin, and their associates, have had a working agreement with George E. Brennan, the Democratic leader, and his associates, in the management of the politics of Chicago and Cook County.

These Republican leaders and their associates have turned over the management of the Sanitary District of Chicago to the Democrats, although six of the nine trustees were elected as Republicans and three as Democrats. The combination there consists of Lawrence King, Morris Eller, John K. Lawler and August W. Miller, elected as Republicans, and Timothy J. Crowe, James M. Whalen and Michael Rosenberg, elected as Democrats.

The bipartisan combination turned over the South Parks to the Democrats, although twelve of the Circuit Court judges who name the five Park Commissioners are Republicans and eight are Democrats. Judges Kickham Scanlan, David M. Brothers and William V. Brothers, Republicans, voted with the eight Democrats to elect, as South Park Commissioners, Edward J. Kelly, Michael L. Igoe, Democrats, and Louis J. Behan, Republican (who is law partner of Homer K. Galpin), and the bipartisan combination through these three Commissioners controls and manages the South Parks.

The bipartisan combination has turned over the Board of County Commissioners and the management of the Forest Preserves to the Democrats, although the Republicans elected eight of the County Commissioners and the Democrats seven. A bipar-

tisan Republican voted with the seven Democrats to organize the Board, which gave the combination full control of the County Board and the Forest Preserves.

The foregoing officers and boards employ several thousand persons, who are mobilized for the Democratic Party or for the Republican Party as suits the prejudices or interests of the leaders of the bipartisan combination.

It is generally believed that the support of the Republican bipartisans is promised to the Democratic candidate for sheriff, Patrick J. Carr.

The bipartisans also control the State's Attorney's office and recommend the Jury Commissioners.

The bipartisan combination now proposes to extend its control by nominating for County Judge, Joseph P. Savage, who was recently a Democratic Precinct Judge of Election, appointed on the recommendation of Barney Grogan, the Democratic leader of the old 18th Ward. Mr. Savage some time ago was employed by different Democratic county officials as a Democrat. He now has an office with George E. Brennan at 231 South LaSalle street, while he is serving as an Assistant State's Attorney. The County Judge appoints Election Commissioners, who, in turn, appoint approximately 12,500 Judges and Clerks of Election in the 2,500 election precincts in Chicago and Cicero.

The great interest which has been aroused in Chicago and Cicero in the matter of striking off over 236,000 names from the registration lists, more than 19,000 of whom registered less than two weeks ago, has revealed the power of the County Judge and is a warning as to how it could be abused.

The efforts of the bipartisan leaders to prevent removing from the poll lists the names of men and women who had moved away or who had died or those who were fraudulently registered are full of significance and warning.

There can be no greater issue than honest elections. Dishonest votes ripen into a harvest of corrupt legislation and administration. The breakdown of our government in Cook County; the scandals in public office with which the people have become familiar; the lack of respect for law and confidence in public officials, can be traced directly to bipartisan political combinations. The people of Chicago and Cook County are familiar with such political combinations. They have always bred corruption and have ended in the jackpot.

Wherever the bipartisan combination has achieved power, payrolls and salaries have greatly increased, larger appropriations have been made, and higher taxes imposed.

It goes without saying that men who pretend to be Republican leaders, but who use the power conferred upon them by Republican voters to destroy the Republican Party, cannot be trusted as public officials.

It cannot escape the observation of the most careless citizen that in this campaign the Republican members of the bipartisan combination have not endeavored to defend their conduct or their policies. The reason is that their conduct is defenseless, from any fair standards of morals or politics. The leaders of the combination, therefore, have been trying to turn the attention of the people from their misdeeds and to cover them up they have endeavored to create false issues:

I. The bipartisan leaders are trying to make Governor Small the bogie man in our local election. The truth is that the majority of the leaders who supported Governor Small in the last State campaign, as well as in the campaign of 1920, are supporting the Republican leaders of the bipartisan combination in this campaign. In proof of this statement the following facts are presented:

(1) George B. Arnold, the candidate for Sheriff on the Crowe-Barrett-Galpin ticket, is now State Director of Labor by appointment of Governor Small. Mr. Arnold is related to Frederick Lundin by marriage and is his intimate friend.

(2) Edward H. Wright, bipartisan leader in the 2nd Ward, is State Commissioner of Commerce, by appointment of the Governor.

(3) Daniel D. Coffey, bipartisan leader of the 33rd Ward, is Superintendent of the Chicago State Hospital at Dunning, by appointment of the Governor.

(4) Frederick E. Erickson, bipartisan leader of the 31st Ward, is a member of the State Tax Commission, by appointment of the Governor.

(5) W. H. Curran, State Chief Factory Inspector, by appointment of the Governor, is a brother of Thomas Curran, the bipartisan leader of the 26th Ward.

(6) Gregory T. VanMeter was appointed Public Administrator by the Governor on the recommendation of George F. Harding, who is the candidate for Treasurer on the Crowe-Barrett-Galpin bipartisan ticket. It is only recently that Mr. VanMeter was separated from the State service and he is now secretary to Mr. Harding.

(7) Thomas Houston, bipartisan leader of the 27th Ward, was State Commissioner of Insurance until recently, by appointment of the Governor.

(8) Former Mayor Thompson is a member of the Illinois Waterway Commission, recently appointed by the Governor. His brother-in-law, William Nelson Pelouse, is a member of the Commission, and another brother-in-law of the former Mayor, William Burkhardt, is a State Tax Commissioner, by appointment of the Governor. Mr. Burkhardt was Deputy Commissioner of Public Works under the former Mayor.

Mention is made only of a few prominent bipartisan leaders who are holding office under Governor Small or have held office under him until recently, but everybody will remember that within a few months past former Mayor Thompson presented to Governor Small a petition on which the former Mayor claimed there were 100,000 signatures requesting Governor Small to make no political appointments in Cook County save on the recommendation of former Mayor Thompson.

The former Mayor declared on the platform many times in 1924 that Governor Small was the best Governor Illinois has had in the one hundred and six years of its history.

The foregoing facts and others that might be added expose not only the emptiness of the charges, but the hypocrisy of those who make them.

II. Persistent efforts are also being made by the bipartisan combination and their sympathizers to misrepresent the facts regarding the legislative situation in Cook County. It is charged that there is a combination with Governor Small to control the Legislature. This is without foundation.

In the last Legislature seven members of the General Assembly from Cook County were known to be friendly to the National Republican Party and its leaders. They were: Warren B. Douglas of the Third District, Mrs. Katherine H. Goode of the Fifth District, Howard P. Castle of the Seventh District, David I. Swanson of the Eleventh District, William G. Thon of the Twenty-third District, Theodore R. Steinert of the Twenty-fifth District, Harry I. Weisbrod of the Nineteenth District and James E. MacMurray, Senator from the Fifth District, seven of whom are favored on their records and recommended for renomination by the Legislative Voters League in its bulletin of April 2, 1926.

The bulletin also recommends the following candidates, who are friendly to the National Republican Party, for members of the General Assembly: Elmer N. Holmgren, for Representative of the Fourth District; Frederick B. Roos, for Senator of the Seventh District; Louis B. Springer, for Representative of the Seventh District; Donald H. McGilvray, for Senator of the Eleventh District; Albert C. Holecck, Nineteenth District; William G. Thon, for Senator of the Twenty-third District; Theodore R. Steinert, for Senator of the Twenty-fifth District.

We submit to the Republican voters whether better candidates than the foregoing, from the standpoint of character, intelligence and service to the public, have been recommended to represent Cook County in recent years. They are among the best representatives in the General Assembly and their services there and their records entitle them to support. Hereafter, as heretofore, they will determine all questions submitted to the General Assembly on their merits and the affairs of Cook County and of the State will be well cared for at their hands. Contrast the foregoing with those favored by the bipartisan combination and draw your own conclusions.

III. The bipartisan leaders have likewise made a great effort to inject the World Court as an issue to determine who should be nominated as local candidates on the Republican ticket, and to accomplish this they have had to repudiate the President of the United States, the National Republican Platform of 1924, the Republican United States Senators from Illinois and the Republican Representatives of Illinois in Congress who voted for the Burton Resolution in February, 1925. The vote in the Senate was 76 for and 17 against adhering to the World Court.

The bipartisan combination has managed to have its candidates placed first in the list of candidates under every office. Place a cross in the square in front of the candidates recommended.

ROY O. WEST, Chairman (Popularly Known as the Deneen Group) HARRY E. HOFF, Secretary

PRIMARY ELECTION TUESDAY, APRIL 13—POLLS OPEN FROM 6 A. M. TO 5 P. M.—VOTE EARLY

The candidates of the National Republican Party are Republicans. They are men and women of character. They will keep the faith. They will not use the power conferred upon them by Republican voters to betray the Republican Party and their nomination and election will raise the standards of public administration and improve political conditions in Chicago and Cook County. We commend them to your thoughtful consideration.

The candidates recommended by the National Republican Party are worthy of your support. Ask your neighbors about them and ask the lawyers about them. Ask those who come in contact with public officials about them.

For United States Senator
☒ WILLIAM B. MCKINLEY

For Congressman at Large (Vote for two)
☒ RICHARD YATES
☒ HENRY R. RATHBONE

For State Treasurer
☒ GARRETT KINNEY of Peoria

For Superintendent of Public Instruction
☒ FRANCIS G. BLAIR

The National Republican Party recommends for United States Senator, William B. McKinley, on his record of 16 years in the National House of Representatives and five years in the Senate. Senator McKinley has stood for the principles of the Republican Party, its elected officials, and the Presidents of the United States.

We recommend former Governor Richard Yates and Henry R. Rathbone for Congressmen at Large to succeed themselves.

We recommend Garrett Kinney, of Peoria, for State Treasurer. He was Vice-Chairman of the State Committee for one term and Chairman of the State Committee for one term.

We recommend Francis G. Blair for State Superintendent of Public Instruction. He was appointed by former Governor Deneen for that office about twenty years ago and has been re-elected each four years since. He has no opponent. Vote for him as a compliment to a good public servant.

Necessity of Political Parties

Political parties are the institutions through which the Constitution operates; they enable us to have majority rule; they give stability and continuity to our government and our ready acquiescence in the results of elections. To be effective, only those should be permitted to name the candidates and define the principles of a political party who are members of it. Wherever political leaders of different parties have made bipartisan agreements for their own advantage official life has been degraded, corruption has been fostered, the administration of the law has lost its force, and public officials have forfeited the respect of the community. We are moving in that direction in our local politics. The political conditions in Chicago and Cook County which have prevailed for four years have created the important issue in this campaign, which is to restore to Republican voters the power to name Republican candidates for office at the Republican primaries. This issue cannot be evaded or covered up by any subterfuge.

The NATIONAL REPUBLICAN PARTY, popularly known as the DENEEN GROUP, presents a list of candidates for county and municipal offices, whose names appear on this page. Most of the voters in Cook County have received through the mails a little pamphlet giving the biographies and records of the candidates. Eleven of the twelve candidates for Municipal Judges recommended by the National Republican Party were endorsed by the managing committee of the Bar Association to the lawyers of Chicago, and nine of the men were favored by the highest votes in the Bar Primary on April 6. Daniel P. Trude received 1,691 votes for County Judge and his bipartisan opponent, Joseph P. Savage, received 398 votes. Thomas J. Holmes for Probate Judge received 1,368 votes and his bipartisan opponent, George H. Hough, received 243 votes.

RESERVE BANKS PLAY A BIG PART IN U. S. PROGRESS

Report for 1925 Shows
Good Work Done.

Washington, D. C., April 11.—[Special.]—Outstanding financial developments of the year 1925 centered about the large volume of production and trade financed by banks of the country and the progress made in the restoration of monetary stability throughout the world, according to the annual report of the federal reserve board made public today.

"In no previous year," says the board, "has the course of events, both at home and abroad, afforded a broader scope for the operation of the reserve banks or shown more fully the strength and usefulness of the reserve system than during the year covered in this, the board's twelfth annual report."

The report states that the reserve bank credit outstanding increased in 1925 to meet an export demand for gold amounting to \$135,000,000, a growth in the domestic currency requirements, and increased reserve requirements of member banks.

Value of System Shown.

"It is at times when demands of this character, arising both at home and abroad, are made that the elasticity and the reserve strength of a banking system are tested," says the report. "In the absence of provisions for an elastic currency or of ample gold reserves the combined demand during 1925 for currency and for gold would have imposed a serious strain on the credit structure of the country and would have made it necessary for banks to reduce their loans to borrowers."

"Under the federal reserve system, however, the reserve banks in 1925 were able to make available to member banks the additional credit needed to meet domestic financial requirements and at the same time to pay out reserves in meeting the demand for gold for export."

"Through borrowings at the reserve banks the member banks were able to meet the demand for currency which at the end of the year brought the volume of money in circulation in this country to the largest total in more than four years, and also to meet the demand for gold from abroad without being under the necessity of restricting credits extended to customers and with a much more moderate increase in the cost of credit than would have

occurred in the absence of the facilities furnished by the reserve banks."

Gold Standard Restoration.

The event of greatest importance in the international field in 1925, according to the board, was the restoration of the gold standard by the chief trading countries of the world. The most distinctive achievement of the year in federal reserve policy is stated to be the arrangement of a credit by

the federal reserve banks for the Bank of England in connection with the re-establishment of a free gold market in London. The board says that the arrangement with the Bank of England has been an effective aid to the general resumption of gold payments, just as was anticipated.

A remarkable feature of the situation in 1925, according to the board, was that in spite of a large increase in the volume of trade there was a

minimum of speculation in the commodity markets.

"Looking back upon the business developments in 1925, perhaps the most notable fact has been the conservative attitude generally maintained by the business community," says the board. "Seldom in the history of American business has so large a growth in industrial activity occurred without giving rise to marked speculative tendencies."

Mme. Hempel Wins Elmer's Highest Praise

Her Voice Best on Air, He
Declares.

BY ELMER DOUGLASS.
Every so often artists will appear
before the microphone and reveal un-
usual qualities in such profusion that
their work stands out luminous above
all other entertainment, and, as it
were, even defying the chronological
order ordinarily followed here, and rise
to the top of this column.
Mme. Frieda Hempel, soprano,
W-G-N, 8:15, from New York, was such
an artist yesterday.

Mme. Hempel's voice was not among
the writer's list of favorites. There-
fore there were no anticipations—
which sometimes helps out! She had
to win, and did win, on merit. She
won the writer's unqualified opinion
that here is the finest absolutely pure,
mature soprano voice that has yet
graced the air. It would be difficult
indeed to imagine a greater voice.

Mme. Hempel's first group were the
simple classics; type, "Ave Marie"
(Schubert), which identified her as in
the large, pure toned soprano class,
and one having all the qualities of an
ideal voice.
Next, the "Shadow Song" (Meyer-
beer's "Dinorah")—Have we ever
heard anything quite so marvelous,
quite so dramatic? Hardly.
This was sung to flute and piano
accompaniment, and the way Mme.
Hempel's voice few hither and thither
was a wonder; at times following the
flute and at one dramatic moment
joining the flute in a remarkable run
up and down the scale in thirds, this
later being extremely spectacular.
In her cuckoo song the tick, tock
tones, especially on the "tock," will be
long remembered for their stunning
beauty.

Her "Little Brown Dog" song made
one laugh. "The Last Rose of Sum-
mer" and "Home, Sweet Home," and
other songs of that genre—well, any-
how, throughout the recital there were
tones that were so penetrating they
hurt and then again so soft they made
the heart almost melt.

Now, let's see, what else.
The Northwestern University Girls'
Glee club presented varied program
at WEBB, 7, that for thorough enjoy-
ableness was there, as they say.

Downers Grove M. E. church choir
were the musical talent on the WLS
Little Brown church musical program.
This particular Sunday feature has a
character all its own, and one to be
greatly admired.
Going back farther, in time, with
church choirs: The First Methodist
Episcopal church choir and soloists of
Olen Elynn presented the cantata,
"The Paschal Victor" (Matthews).
W-G-N, 4:30. A decidedly serious work,
and apparently one of considerable
difficulty for the soloists.

OBREGON TESTS PUBLIC TEMPER ON PRESIDENCY

[Chicago Tribune Press Service.]
Mexico City, April 11.—Former Presi-
dent Obregon makes a statement in
the press today which evidently is a
bid for public opinion on the question
of his reelection to the presidency.
He proposes the candidate for presi-
dent must not only be a Mexican by
birth but his wife and parents must
be Mexicans. The general proposes
that no secretary of state, unless he
has resigned his office a year previous
to the election, be eligible for the
presidency. This apparently hits his
strongest opponent, Luis Morones,
minister of labor, commerce and in-
dustry, presidential candidate of the
Labor party.

**PERU WILL SEND
HOME FAMILIES
OF TACNA EXILES**
(Chicago Tribune Press Service.)
ARICA, Chile, April 11.—Peru com-
pleted plans this morning to send home
the families of Peruvians who have
been deported or have left Tacna-
Africa. Two hundred families from the
Azapa valley will be concentrated in
the unused Peruvian voters' camp,
pending the transport's readiness. The
Chileans claim this will be used later
as propaganda concerning the Chilean
treatment of Peruvians here.
This Tribune correspondent's in-
vestigation reveals that eighty-seven
Peruvian voters from the north have
reached Tacna-Africa, while during the
last few weeks more than 900 returned
to Peru. This seems to demonstrate
that President Augusto B. Leguia of
Peru is pinning his faith on a settle-
ment other than by a plebiscite.
Col. Jay Morrow arrived this morn-
ing to take charge of the boundary
commission. Señor Salomon sailed for
Lima at the call of President Leguia,
while Señor Clare, Chilean delegate,
left for Santiago for a fortnight's vaca-
tion.

ARTHUR F. ALBERT

Republican Candidate

FOR

Sanitary District Trustee

Tells How the Bi-Partisan Sanitary
District Board Expends the
Taxpayers' Money

Legal Expenses

Witness These Glaring Examples:

1. George Barrett, brother of Charles V. Barrett, candidate for Board of Review, \$37,000.
2. Louis J. Behan, law partner of Homer Galpin, \$28,424.91.
3. Edward J. Brundage, \$12,000.
4. Leroy C. Milner, bi-partisan candidate for County Clerk, \$9,000.
5. Clarence S. Piggott, bi-partisan candidate for State Senator, \$6,000.

The Following Members of the Illinois Legislature:

6. Lee O'Neil Browne, of Ottawa, Illinois, Democratic leader, candidate for Governor last year on the Democratic ticket, \$10,000.
7. Senator John M. Dailey, of Peoria, Illinois, \$12,000.
8. Senator Richard Barr, of Joliet, \$15,000.

Three Crews-Barrett Candidates for the Municipal Bench:

9. Stanley C. Armstrong, \$4,800.
10. Herbert W. Auw, \$4,500.
11. Thomas Riley, \$4,000.

Also a Democratic Candidate for the Municipal Bench:

12. Peter Schwaba, \$5,000.
13. John Tyrrell, maintaining law offices with George Barrett, \$3,600.

Calumet Sewage Treatment Works

Here is another indication of how the money is spent. The District paid:

- For concrete work, per cubic yard.....\$64
- Cost to other municipalities, average.....\$15
- Excess loss to Chicago taxpayers.....\$49
- For reinforced steel, 23 cents per pound.
- Average for other cities, 5 cents per pound.
- For earth excavation, \$6.00 per cubic yard.
- Other cities, average, \$1.25 per cubic yard.

The Sanitary District's unpublished payroll (see proceedings), February 15 to March 1, 1926, \$54,871.76; March 1 to March 15, 1926, \$104,352.46, or an increase of \$49,480.70.

Total expenses for legal services were \$854,061.70 during 1925! Sanitary District annual appropriations in 1922 were \$19,000,000; in 1925 were \$42,000,000.

Dope in the championship series of the Knights of Columbus basketball league was upset yesterday afternoon when Setters, west division champion, staged a great uphill fight to nose out De Soto, north side titleholder, 15 to 13, before a crowd of 5,000 at the Broadway armory.

While De Soto was being beaten, Marquette advanced another step nearer title by staving off Port Dearborn long enough to emerge with a 25 to 23 victory. The north side runners-up now need one more victory in their next two games to clinch the league honors.

Setters' Defense Holds.
De Soto, a topheavy favorite, started off fast against Setters and at half time held an 11 to 6 lead. Setters threw up an impenetrable defense in the second half, however, that held the north side to just two free throws, in the meantime picking away at the lead point by point. Finally, with less than three minutes to play, Lawless sank a basket from the free throw line that put Setters ahead, and Kintman added a free throw just before the contest ended.

Port Dearborn ran into some tough luck just at the windup or Marquette might have run into a first defeat, as the central division youngsters outscored their opponents 12 to 6 in the second period after trailing at the half, 19 to 13. With the score tied 23 to 23, the north side runners-up were called in rapid succession, Mehalak and Spelak caging the ball for the winning points.

Hooker scored five baskets for Marquette.

Calumet Ties for Second.
Calumet advanced into a tie for second place and at the same time won the championship of the south division by trimming Loyola-Hyde Park, 18 to 12, in a hard fought game. Both teams wound up the preliminary schedule in a tie and their meeting yesterday also was to decide the deadlock for the title. Del Smith continued his scoring streak for Calumet with two baskets, Dillon, Elmer and Downes also counting a like number.

Fred Bedore, brother of Roy Bedore who captains Setters, pulled another game out of the fire for his De La Salle outfit against Damen, scoring three baskets and two free throws in the closing minutes to win, 23 to 18. Kluchinski's floorwork and shooting featured Damen's playing. Lineup:

SPEAKING OF SPORTS

BY DON MAXWELL.
[Sports Editor.]

Jake Schaefer, the younger, returns home after his victorious play for the 181 billiard title, and straightaway announces that he's tired of wielding a cue and wants to get the challenge match with Erig Hagelacher for the title and I'm ready to play him any time. And the sooner we play the better I'll like it.

The son of the old cue wizard has been called a human iceberg. It's been said that he's offish and difficult to draw into conversation. Young Jake seemed the opposite last night.

"I guess I make folks think I'm cold because I try to be when I'm playing," he said. "Keeping your nerve is the first thing a billiard player must do. But because I'm cold in a match doesn't mean that I'm cold in my disposition."

There are few sportsmen who can point to a record of greater activity than young Jake boasts in the last seven months. He played in four championship matches in a three month period and won two of them. That's not a poor record in billiards. It even gains importance when you realize that in those four matches young Jake broke record after record.

In his first match with Horemans Jake set a new world's mark when he ran in a tie and their meeting yesterday also was to decide the deadlock for the title. Del Smith continued his scoring streak for Calumet with two baskets, Dillon, Elmer and Downes also counting a like number.

Fred Bedore, brother of Roy Bedore who captains Setters, pulled another game out of the fire for his De La Salle outfit against Damen, scoring three baskets and two free throws in the closing minutes to win, 23 to 18. Kluchinski's floorwork and shooting featured Damen's playing. Lineup:

LIPTON ACCEPTS BID TO CHRISTEN NEW EAGLE FLEET

Time Doubtful, but Will
Be Within Ten Days.

Sir Thomas Lipton today accepted the invitation of Commodore Hollis E. Potter of the Chicago Yacht club to christen the new fleet of eagles racing yachts now under construction at Babylon Harbor, Mich.

Because of uncertain plans in New York, no definite date was set by Sir Thomas for his arrival, but he stated it would be within the next ten days and that he was already in communication with former Commodore Sheldon Clark regarding final arrangements.

Arrangements are rapidly being completed for the christening party across the lake. Commodore Potter also has wired the shipbuilders to concentrate their work on a single craft so one of the fleet will be completed within the specified time.

In accepting the invitation the British yachtsman said in part: "Nothing gives me greater pleasure than to meet my old friends of the Chicago Yacht club again, and I will be glad to come. Because of uncertain plans, I cannot definitely set the time of my arrival, but it will be some time within the next week or ten days."

Ben Millers Lose in Soccer to Bethlehem

New York, April 11.—[Special.]—Their attacking division disorganized in the absence of their star center forward, Jimmy Dunn, the Ben Millers of St. Louis, youngsters soccer eleven, failed to participate in a national soccer final, took one on the chin from Bethlehem Steel F. C. at Ebbetts field, Brooklyn, this afternoon, before 15,000 fans.

The score was 7 goals to 2, the biggest tally in the thirteen years of competition for the title of champion of the United States.

Repulse Answer Eleven.
Thus a team which can do no better than finish fourth in the current professional competition of the American Soccer league, established itself as national champion, replacing Shawshewn F. C. of Andover, Mass., which won the 1924-1925 title by beating the Chicago Canadian club a year ago when neither Bethlehem nor the Ben Millers nor any other of the sixteen leading professional teams of the country were entered in the annual national challenge cup competition of the U. S. F. A.

St. Louis Defense Weak.
With the pivot of their attack missing and a hole in the Millers' half back line, due to the absence of Lehmer, the Pennsylvania steel makers had no difficulty. The Missourians' defense was ragged.

Kansas and Ohio Relays Open Outdoor Track this Week

BY WALTER ECKERSALL.
University, college and high school athletes will start on the last lap of training today for the Kansas and Ohio state relays to be held Saturday at Columbus, respectively.

These events will open the outdoor intercollegiate track and field season, which will close with the national championship of the Drake relay carnival to be held in Des Moines, April 23 and 24. It became known here when Coach George T. Brennan of the University of Iowa, who originated the idea, started 100 out of 107 coaches approached on the plan had reported in favor of it.

Organize Coaches
IOWA CITY, Ia., April 11.—[Special.]—A national association of track and field coaches is a prospect of the Drake relay carnival to be held in Des Moines, April 23 and 24. It became known here when Coach George T. Brennan of the University of Iowa, who originated the idea, started 100 out of 107 coaches approached on the plan had reported in favor of it.

Entries and Officials.
Following are the universities and colleges which will be represented in the Kansas relays:
University class—Oregan, Omaha, Neb.; Drake, Des Moines, Grinnell, Grinnell, Ia.; Iowa State, Ames, Ia.; Kansas Agric., Manhattan; Marquette, Milwaukee; Northwestern, Chicago; Notre Dame, Oklahoma A. & M.; Oregon Agric., University of Illinois, Iowa, Kansas, Michigan, Minnesota, Nebraska, Oklahoma, Wisconsin, Texas, Washington, St. Louis.

College class—Baker university, Buena Vista, Storm Lake, Ia.; Central Missouri State Teachers college, Emporia, Kansas; Creighton, Omaha, Neb.; Friends university, Haskell, Ind.; Grinnell college, Grinnell, Ia.; Penn college, Okaloosa, Ia.; Peru State Teachers, Peru, Neb.; Shurtleff college, Atchison, Mo.; Simpson college, Indianola, Ia.; St. Joseph college, St. Joseph, Mo.; St. Mary's college, Washburn, Neb.; St. Mary's college, Washburn, Neb.; St. Mary's college, Washburn, Neb.

Add Hurdles at Drake.
Des Moines, Ia., April 11.—[Special.]—The 220 yard high hurdles, has been added to the program of the Drake relay carnival, to accommodate a number of the greatest hurdlers in the country. The new hurdle race, the 220 yard high hurdles, has been added to the program of the Drake relay carnival, to accommodate a number of the greatest hurdlers in the country.

French Team Wins Paris 6 Day Race; Americans Fourth

PARIS, April 11.—[Special.]—The French team, Wambel-Lacuey, won the six day bicycle race tonight with 548 points, covering 3,323 kilometers (2,064 miles).

The score was 7 goals to 2, the biggest tally in the thirteen years of competition for the title of champion of the United States.

Repulse Answer Eleven.
Thus a team which can do no better than finish fourth in the current professional competition of the American Soccer league, established itself as national champion, replacing Shawshewn F. C. of Andover, Mass., which won the 1924-1925 title by beating the Chicago Canadian club a year ago when neither Bethlehem nor the Ben Millers nor any other of the sixteen leading professional teams of the country were entered in the annual national challenge cup competition of the U. S. F. A.

St. Louis Defense Weak.
With the pivot of their attack missing and a hole in the Millers' half back line, due to the absence of Lehmer, the Pennsylvania steel makers had no difficulty. The Missourians' defense was ragged.

CUBS RAINED OUT AT K. C.; LEAVE TO BATTLE REDS

Cooper to Hurl Opener at
Cincinnati.

BY IRVING VAUGHAN.
[Chicago Tribune Press Service.]
Kansas City, Mo., April 11.—[Special.]—Weather horned in today and ruined the plans of the Chicago Cubs to battle the St. Louis Cardinals at Cincinnati.

Cooper to Hurl First.
As soon as the game had been canceled the Cubs drew forth their pocket roster and went down the line in search of a likely hurler to open the season against the Reds Tuesday. The original plan was to work Grover Alexander, but the latter isn't in as good trim as he was last season.

Following are the team scores:
North side—H. B. Hays, 83; J. Groves, 81; Jack Smith, 81; A. H. Becker, 80; O. W. Schell, 79; H. B. Hays, 79; Joe Donohue, 77; E. G. Hall, 75; Dr. L. J. Fryer, 74; E. B. Hall, 73. Total, 769.

South side—W. M. Johnson, 88; J. E. Markham, 87; A. H. Winkler, 83; Dr. Wella, 79; P. H. Schell, 77; V. Buchanan, 76; Dr. C. E. Cooke, 75; L. E. Lowry, 73; Dr. P. Farnsworth, 70; C. M. Brady, 67. Total, 776.

SEELIG'S TEAM WINS
The team led by Capt. C. F. Seelig won the monthly five man team shoot of the South Shore Country club over the south side course yesterday. Capt. Seelig's squad, composed of W. C. Snyder, H. Scharenberg, D. M. Hudson, and G. Schimmler, shattered 383 targets. Each contestant shot at 100 targets, sixteen yards rise, and the five highest scores counted as the team total.

PLAN 53 MILES OF WIDE ROADS IN COOK COUNTY

More 100 Foot Highways Are Announced.

BY J. L. JENKINS.

Fifty-three miles of 100 foot highway right of way have been dedicated to the wide highway program in Cook county in the eight months which have elapsed since double width pavements became the transportation issue in the Chicago district. More than 18 miles of land to make up one-half of the new standard 100 foot roads have been dedicated to date, and more than 107 additional miles have been pledged on tentative subdivision plats still to be recorded.

This tangible progress in the vital road widening campaign which promises early relief for traffic congestion on Chicago's highway arteries was announced at the last joint meeting of the Commonwealth club and the committee on subdivision plat and zoning of the Chicago Regional Planning association. At the same time Marshall E. Reid, chairman of the association's highway committee and a member of the Commonwealth club, announced that practically every road building agency within 100 mile radius of Chicago, including state, county, township and village officials, are now co-operating directly in the great regional highway improvement plan which will eventually give an adequate highway transportation system to the middle west.

Y. F. Michelson, plat officer of Cook county, was credited at the joint meeting with the initial success of the uniform plan to make all new major highways on the state or county systems a minimum of 100 feet wide, all secondary roads of 60 feet wide, and all streets in subdivisions 66 feet wide unless some special reason exists to make them wider. No new subdivision plat is approved by the Cook county office unless these standard rights of way are dedicated. The system builds the necessary foundation for wide pavements at minimum cost, Reid declared.

At the meeting it was pointed out that the wide right of way plan has supplied the needed road widths of 100 feet for the Telegraph road, Milwaukee avenue, the Green Bay and Grand roads through Lake county, Illinois, and for Grand avenue, Greenwood avenue, Rockland and south county arterials in the same county. Greenwood avenue, the new through route planned on a direct line between Chicago and Crown Point, has also won the 100 foot right of way dedication which will make it one of the most important super-highways connecting Chicago with the bustling Calumet manufacturing district and northern Indiana.

All Over Wins Tia Juana Cup by a Length

San Diego, Cal., April 11.—(AP)—All Over, C. B. Irwin's stable star, proved much of the best of a field of five in the running of the \$10,000 Tia Juana cup event, feature race at two miles, at Tia Juana today, defeating Rosedale stable's Sanford by a length. Dr. Clark, owned by Earl Linnell, finished eight lengths behind the winner for third place. The time was 3:29. The race was worth \$11,850 to the winner. The time for the distance was poor, due to the heavy condition of the track.

KEARNS ARRIVES HERE TODAY WITH NEW HEAVY HOPE

Napoleon Dorval Hailed as
Future Champ.

BY WALTER ECKERSALL.
Jack Kearns, the man who discovered and made Jack Dempsey the heavyweight champion of the world, will arrive in Chicago this morning with a fighter whom he predicts will succeed Dempsey as the holder of the world's heavyweight title.

This afternoon at Mullin's gymnasium, Kearns will trot out Napoleon Dorval for the skeptics and critics to look over. Dorval is an eastern product whom Kearns took to the coast to school. He scales 192 pounds and is six feet one inch tall. He is a fairly clever boxer for a big man and can hit with his right hand.

Campaign Plans Unknown.
Just what sort of a campaign Kearns has mapped out for his heavyweight will be known after their arrival on the Golden State line this morning. Kearns will remain in Chicago for a few days before going east to look after Mickey Walker's training for his championship bout with Pete Latzo at Scranton, Pa., May 17.

Bud Taylor of Terre Haute, Ind., who meets Clever Sencio, the Filipino, at Milwaukee Friday night, will arrive in Chicago yesterday morning and worked at Mullin's in the afternoon. Sencio is training at the same place and both boxers will leave for the Cream city Thursday night.

Alte Arrives Tonight.
Merle Alte of Indianapolis, who will swap punches with California Joe Lynch in the windup of the show at East Chicago Friday night, will arrive in Chicago this evening to resume training. Lynch defeated Phil Rosenberg, the world's bantamweight champion, on the coast last winter, and is considered the best bantamweight ever developed in San Francisco.

Lynch will meet Rosenberg for the title at Toronto on May 24. Andy Martin of Boston, who meets Harold Smith of the stockyards in the semi-windup, will arrive tomorrow, while other fighters on the card have started work at Mullin's.

Frank Churchill, who manages a string of fighters, including Clever Sencio and Earl Seel, arrived in Chicago last night from California. Churchill and Eddie Long, latter manager of Bud Taylor, will leave for Cleveland today to institute damage proceedings against Boxing Commissioner Edwin Barry, who has stated the Taylor-Seel bout held in Cleveland recently was a "fake." The commission meets tomorrow and Long and Churchill will request an audience.

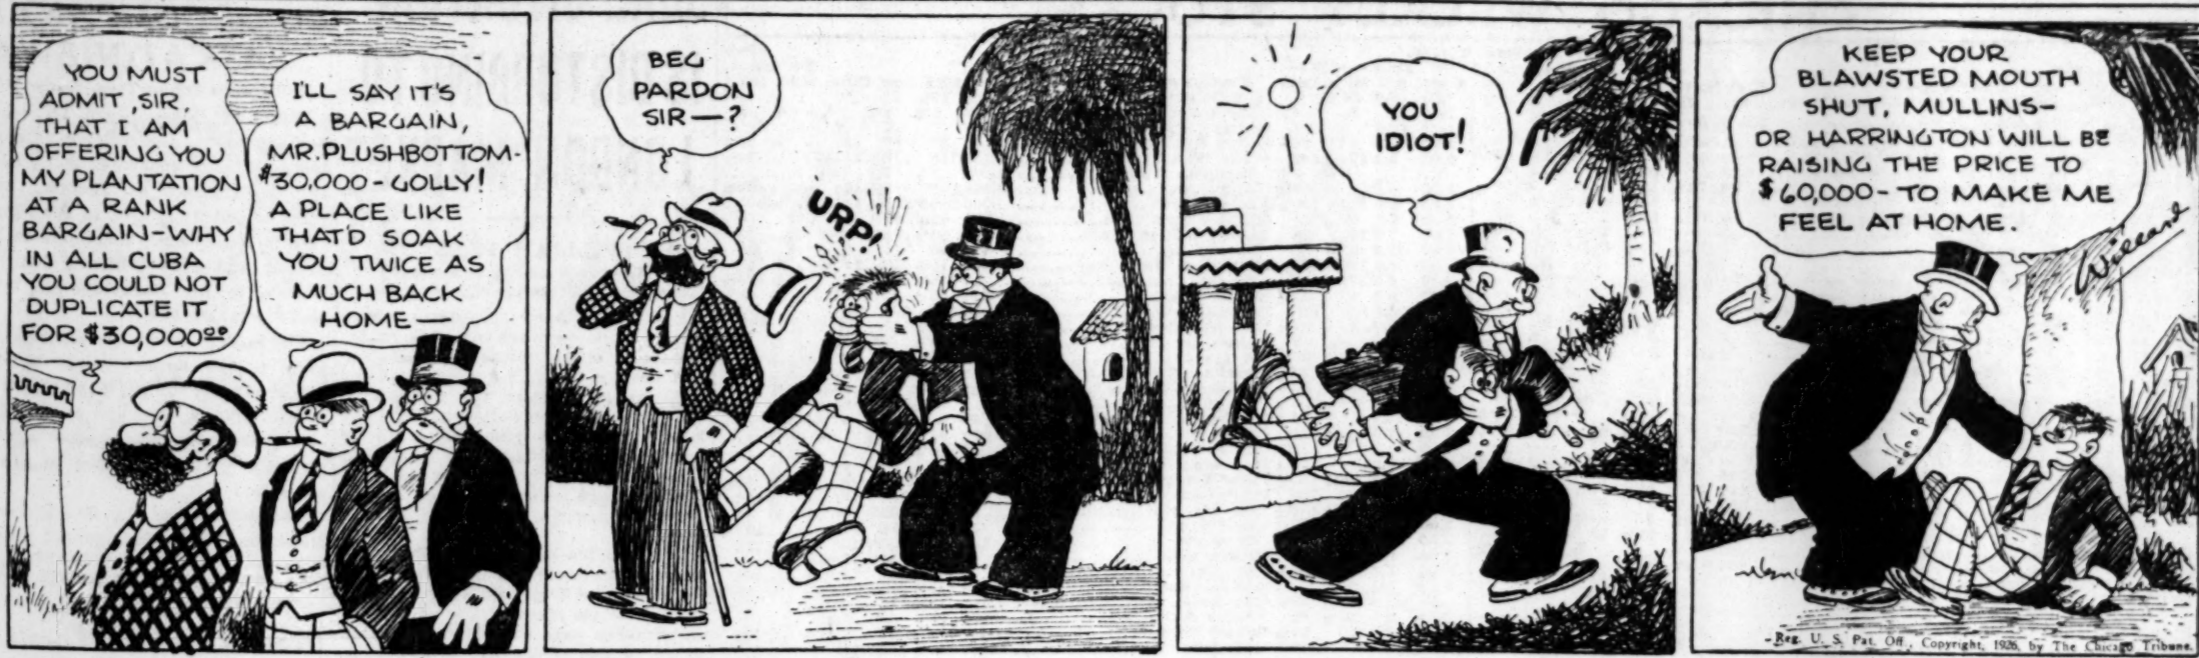

Everything is ready for the final bout to be held at Mullin's this evening. The Chicago Boxing Association, members of the various posts of the American league, and others interested in boxing will be at the polling places to do their share to make the bill a law.

Entries for the Central A. A. U. boxing championships which start at Dexter Park pavilion April 20 under the auspices of the South Turn A. A. U. close on Wednesday with Mike Malloy, 74th and Aberdeen streets. Entries have been received from local gymnasiums and branches of the Y. M. C. A. A.

Pinkie Mitchell of Milwaukee, who is seeking a match with Mickey Walker for the world's welterweight title, will meet Joe Simonich of Butte, Mont., at Akron, Thursday night. It will be Pinkie's first fight in months and Billy Ritchie, who looks after the interests of his brother, is sending for a match with Shufie Callahan to open the outdoor boxing season in Milwaukee.

MOON MULLINS—HOMESICK

Three Teams Enter Peel Cup Semi-Finals

Sparta, Olympias, and Pullman advanced to the semi-finals round in the Peel cup competition yesterday, while the Canadian club went into the second round.

Sparta had an easy time defeating Buda A. A. The Bohemians led, 1 to 0 at the half, but speeded up in the second half to win, 4 to 1. Krabec scored three of Sparta's goals and Adolph Burger the other. Buda's lone score came when Goalkeeper Eliebrecht allowed a pass from one of his backs to roll between his legs into the net.

Olympias Easy Victors.
The Olympias also won by a score of 4 to 1, beating the North Shore of the B. division. Dickie Vidano, Joe Phillips, and Alex. Henderson each scored a goal for the winners, the fourth one being made when MacGregor of the Shore kicked the ball into his own goal. Jack Buchanan contributed the lone Evanston marker.

A weakened Canadian club team had little trouble in disposing of Bill Berryman's Ambridge team at Gary. The Canucks, who were without services of King, Edwards, and Danny Carroll, defeated the Hoosiers, 6 to 0. MacGregor, who played a fine game at center, scored twice. Manager Dan Russell, who returned to the game after an absence of over a year, MacLean, Adams, and Erskine each found the net once.

River Rouge Wins, 4 to 0.
Pullman, the Peel cup champions, also exhibited in Gary and defeated the home team, 4 to 0. Pat O'Neill, Cartwright, Burkinshaw, and Heaps counted for the Car Builders.

The Swedish-Americans bade adieu to the national amateur cup competition at De Paul field, when the River Rouge, Mich., team defeated them, 4 to 0. The visiting squad, which is said to be the smallest in Michigan, displayed a clever brand of football. The goals were scored by O'Neill (2), Clark, and Love. Other scores: Roosevelt A. C. 3; Norwegians 11, 0; Ravenswood United, 4; Vienna, 1; Sunflower, 4; Good Samaritan, 2.

DECATUR BEATS CHAMPAIGN.
Decatur, Ill., April 11.—(Special.)—The Decatur Three Stars club made it two straight over the Champaign Legion nine by winning a 4 to 3 track meet here today. Score by innings: Champaign.....000 010 110-3 5 6
Decatur.....100 201 002-4 8 6

In the Wake of the News

DO YOU REMEMBER WAY BACK WHEN:

YOU ran across a silver quarter of 1853 and thought you'd found something valuable until you learned it was only the variety without arrowheads at date which was the premium coin?—T. J. V.

Undefeated Fives Clash in Forester League Tonight
Three games are scheduled tonight in the second round of the Forester basketball league tournament which is being held at the Eighth Regiment armory, 615 and 35th street. The undefeated St. Monica and Western Reserve teams meet at 10 o'clock; De Soto and Columbia play at 8, while Englewood and St. Cecilia, two defeated teams, will attempt to get back in the race at 9 o'clock.

Gary Prep Track Meet to Set Mark

The third invitational Emerson High school relay to be held at Gleason field, Gary, Ind., April 24, promises to be the biggest meet sponsored by a high school in the middle west.

Twenty-nine schools are entered from five states and the entries do not close until April 13. It is expected last year's total of forty schools will be eclipsed. Senn, which won the championship last year, is entered with Hyde Park, Eliden, Tuley, Lake View, and University High.

Freobel, Emerson's rival in Gary, Whitling, Thornton of Harvey, Ill., Crown Point, Evanston, Michigan City, and Maine of Des Plaines are other schools from this district that are sending full squads.

East High, Aurora; Culver, Ind.; Shorewood of Milwaukee, Granite City, Ill.; Brook, Ind., and South High of Grand Rapids, Mich., are other entries that have been accepted.

Forty Teams Enter K. C. State Bowling Tournament
Forty teams are entered in the K. C. Bowling tournament, which will begin in a few days at the West Side K. C. clubhouse alleys. On paper, De Soto's league champs, the Werlein Butchers, with Sullivan's Undertakers, and Kennedy Lawyers should place in the high money. E. McLaughlin and Leo Walsh, holders of highest games recorded in K. C. competition, 293 and 297 respectively, will be entered in the doubles.

Sixteen Amateur Bouts on South Side Cards Tonight
The Southtown A. C. and the Johnny Coulton Physical Training club will hold their weekly amateur boxing shows on the south side tonight. Eight matches will make up the card of the Southtown A. C. program, which will be held at White City. The other show will be held at the Coulton club, 1154 East 63d street, with a similar number of matches carded. Both shows will open at 8:30.

Amateur Roller Skate Meet to Be Held in Milwaukee

Chicago roller skaters have been invited to compete in the interstate amateur roller skating championship tournament at Milwaukee April 20 to 24. President Frank M. Kaltefleiter of the Western Skating association has issued the sanction for the five day program, which includes events for all distances up to five miles.

In connection with the revival of roller racing in the Cream city a program of professional races will be staged April 27 to May 1 at the Riverview park rink. The pro meet is being sponsored by the Western Skating association through Secretary Frank J. Reilly.

VIENNA BOOTERS, ON WAY HERE, WIN IN PARIS
The Hakoah soccer team of Vienna, which will play here against Sparta on May 9, gave further evidence of its prowess Saturday in Paris, just before embarking for the United States. The Jewish players were matched against a team of French stars and they defeated the home team, 10 to 4.

It was the first time the Austrian champions had appeared in France, but previous to that had defeated teams of England, Belgium, Holland, Czechoslovakia, Poland, Letland, and Egypt.

M'GLYNN TURNS COACH.
Manitowish, Wis., April 11.—(Special.)—Stony M'Glynn, former twirler for the New York and St. Louis Nationals, will coach a semi-pro baseball team here this season.

LEWIS ARRIVES TOMORROW FOR GRENNA MATCH

Ed Lewis, who will defend his world's heavyweight wrestling title against Raffaele Grenna, the Italian, at the Dexter park pavilion one week from tonight, will be in Chicago tomorrow night to complete training, according to Promoter Paddy Harmon. Lewis needs only light work to fit him for the match as he has been wrestling on an average of twice a week for two months.

Grenna will be here not later than Wednesday, according to the promoter. The Italian is now in Boston, where he has been meeting all corners and has been working with Stanley Stasiak, who was beaten by Lewis, and Joe Malaciewicz, who recently won from Mike Romano. Three other bouts to be announced tomorrow complete the card.

HURTS' HIP IN FALL FROM TREE

Bruises and strain quickly helped by simple treatment

A simple home treatment, used at once, will greatly hasten recovery from bruises, strains, and sprains. Hundreds of people write of the truly remarkable results they have got from using it.

A woman writes that while she was picking cherries the branch of the tree broke and gave her a bad fall.

"I suffered agony," she says, "but I used Sloan's Liniment and it relieved the pain right away."

Sloan's gets results because it doesn't just deaden pain; it gets at the cause.

Right to the place that hurts it brings a healing stream of fresh blood. Quickly and surely it breaks up congestion, drives away pain. So clean and easy to use, too. Get a bottle today. All druggists—35 cents.

New York, April 11.—[Special.]—The unrelenting downward trend of money rates last week when even three months' loans were offered at the lowest rate since the first week of last September—4 1/2 percent, as against 5 percent a month ago—was the first decided change which has occurred this year in the financial or industrial situation, outside of the stock market.

Numerous separate explanations have been offered for this fall in rates, which was not foreshadowed in the earlier market of the year.

Among the explanations are the large gold importation from Canada and completion of the treasury's extensive March financing.

Even the New York reserve bank's April bulletin remarks that "liquidation of loans to brokers and dealers does not release any large amount of funds for other uses," unless bank deposits are equivalently reduced, which has not happened, possibly because the out of town banks which have cut down their stock exchange loans so sweepingly have left most of the proceeds on deposit in New York.

Results in Other Periods.

However this may be, the sudden removal of the lately urgent regulations on the credit fund for purely speculative purposes was bound to influence the general rate for money.

Previous periods of stock exchange reaction after an overdue speculation for the rise have had the result, first of a fall in call money rates and then in lowering of time loans charges; always excepting occasions when, as in 1920 or 1907, the credit fund was tied up in speculation on every commercial and industrial market.

It is not yet clear how far this process of return to easy money will be carried. The regulations of general trade have yet to show themselves; when they come they are likely to be modified, they were throughout 1925, by the policy of "hand to mouth buying" which has become traditional. No other conclusion would seem to be certain than the inference that a distinctly and continuously lower rate for money must have great effect on the market for investment se-

Continued to "break records" up to and in some cases after reaction in the country's trade was visibly under way. Even in the spring of 1923 and 1924, a great increase in steel production occurred when steel was in demand, but continuous reaction was destined to mark the immediate trade future.

COAL SITUATION IS DISTURBING TO LONDON MARKET

BY WILLIAM PRESTON.

[Copyright: 1926: By The Chicago Tribune.]

LONDON, April 11.—Only three weeks stand between possible settlement and the fact the government and owners accepted the findings of the royal coal commission, the markets failed to show the ordinary holiday activity during the week. The miners' attitude in refusing flatly to discuss wage reductions had its effect, the general tone being dull all week.

Owing to the summer weather also, many persons extended their Easter vacation several days, causing added sluggishness in the market. The movements on exchange were out of all proportion to the volume of trading. The general view, however, is that there are distinct signs of a revival in the large industries.

France Cause Unsettled.

The violent fluctuations in the French and Belgian francs added to the uncertainty, and although the French budget measures finally were adopted, the franc has shown a further depreciation. The Belgian franc, however, recovered from the worst on the expectation that the loan would be successful.

In the foreign market, European reconstructions were in good demand, while Peruvians weakened on the failure to settle the Tacna-Arica dispute. The record Easter weather brought home rail traffic up, but the coal crisis counteracted this, leaving the market unchanged.

In Argentina Cordoba was active, with prices better on balance, but the general tone was rather dull before the close.

Textiles generally were quiet. More business developed in oil shares, although Shell continued heavy on the rumors of a new issue. Burmas were a bright spot on buying reports from the east and Anglo-Persians were well maintained.

Fire Considered Bubbly.

The big fire in California, which, it is estimated, wiped out ten weeks' supply in the United States, was regarded as a bull point for the market here.

Rare metals generally were lower on the week, which was reflected in the prices on shares. The rubber market remained a forlorn spot for the week, with the stocks increasing and commodity sagging steadily. Further batches of satisfactory dividends were announced, but in the absence of public demand prices, where mentioned, were much easier.

OFFERING OF SCHOOL BONDS.

A \$4,000,000 issue of Los Angeles school district five per cent bonds, maturing serially from 1926 to 1944, will be offered today by Harris, Forbes & Co., at prices to yield 4.40 to 4.45 per cent.

WHEAT POOL BUYS CO-OP COMPANY IN SASKATCHEWAN

(Chicago Tribune Press Service.)

Winnipeg, Man., April 11.—The Saskatchewan Cooperative Elevator company, at a special meeting of the shareholders held at Regina, Sask., voted to sell its system of 500 country elevators and large terminals at Port Arthur and Fort William, Ont., and Buffalo to the Saskatchewan wheat pool for \$15,000,000.

The Saskatchewan Cooperative company is the largest grain handling concern in the world. The session was a stormy one, lasting two days. It closed Saturday night after a bitter struggle by the minority to prevent the sale.

The deal places the Saskatchewan, Manitoba, and Alberta wheat pools in position to command the wheat markets of the world at certain periods of each year.

Drop in Brokers' Loans Helps Bond Investments

New York, April 11.—[AP.]—The widespread diversion of funds from stock speculation to the investment field revitalized trading in the bond market last week and prices forged ahead in impressive fashion. The sharp reduction in brokerage loans which accompanied last month's slump in the stock market released millions of dollars for which the most satisfactory outlet lay in new financing and in listed bonds. Lower time money rates helped to stimulate buying.

Among the new loans in prospect is one of \$30,000,000 for Uruguay, carrying an option for \$10,000,000 or \$15,000,000 additional financing at a later date. Bids were submitted by several New York banking groups and an official award of the issue is expected within ten days.

WHEAT FIRMER DESPITE MANY TRADERS' VIEWS

BY CHARLES MICHAELS.

In the face of a light outside speculative trade, a bearish feeling among many large professional traders, and favorable crop reports from the south, wheat prices held well last week. The government report issued last Friday suggested \$30,000,000 bu. of winter wheat with prospects of a larger yield, unless the crop is seriously damaged in the next two months.

Wheat closed Saturday at practically the best of the week, with May 4c, July 3 1/2c, and September 2 3/4c higher than a week ago.

At the same time, May advanced its premium to 2 3/4c over July at the close, and the July-September spread widened to nearly 5c and cash prices held well.

Prices at Week's Close.

May wheat in Chicago closed at \$1.04, to \$1.05, July \$1.07 to \$1.07 1/2, and September \$1.02 to \$1.02 1/2. The Chicago-Winnipeg spread was 9 1/2c with the price 9 1/2c higher than the previous week. Kansas City was \$1.05, a gain of 3 1/2c for the week, and a premium of 2 1/2c over the July, which gained 2 1/2c for the week.

The Liverpool-Chicago May wheat spread has held fairly, and the July and September are on a shipping basis. A little new wheat was bought in the southwest for export, and foreign buying of Manitoba and durum wheat was on a larger scale. But it will take constant buying for the next two and a half months to make a material difference in the available supplies.

Southwest Outlook Good.

A feature of the crop situation in the United States is the low condition in the southwest, the low condition in the middle west, lateness in the season for seeding spring wheat in the northwest, and fairly good promise abroad. Unless something happens to the winter wheat crop, it may reach the average yield, 55,000,000 bu.

In some southern central countries, field examination on acreage containing wheat or as many as two to twelve times this spring. Weather conditions during the egg laying time and during the hatching of the first spring brood will have much to do with the amount of this year's crop. In 1924, however, Kansas raised 150,000,000 bu.

Cut Argentine's Supplies.

One of the most significant features of the week came at the last in the official confirmation of damage to the Argentine wheat with an estimated exportable surplus of only \$1,000,000, whereas there has been claims by private sources that it would be around 18,000,000 bu. This confirmation should mean much in the wheat trade as Europe is likely to be forced to get supplies from the United States and Canada, as the main available source outside of Argentina is Australia. h that e gray r hair

Here is a remarkable preparation that actually takes years from one's appearance by restoring the natural shade to any gray hair, regardless of the cause. Not only this—it also gives the hair that glowing, healthy lustre of youth.

If your hair has turned gray, or is now turning, do what thousands of other men and women have done. Get your first bottle of Kolor-Bak and try this delightful method.

Kolor-Bak is not messy. It is a clean, colorless liquid, as easy to apply as water. The same bottle can be used for any gray hair. And with its use there is none of that awkward embarrassment one feels in changing the hair coloring overnight.

Kolor-Bak works gradually but surely. You scarcely see its effect, yet a week often accomplishes the results you seek. And it is sold with a money-back guarantee in every package.

Keeping Your Schoolgirl Complexion

By IRENE CASTLE

Copyrighted 1924 by P. O. Beauty Features

The Folly

Of using just "any good soap" on your face

The kind beauty experts use themselves and how used

A SOAP may be good for any number of things, yet not be at all suited to the skin. The only kind of soap to use on your face is a soap made basically for that purpose. A good complexion is too precious for experiment.

Before Palmolive came, women were told, "use no soap on your face." All soaps then were judged too harsh.

Then came this famous beauty creation. A soap made by experts in beauty of rare cosmetic oils—and made solely for one purpose: to safeguard the complexion. A soap that changed the beauty methods of the world.

Leading skin authorities urge it. It has brought natural skin loveliness to more women than any other method known. In your own interest, use it according to the following rule for one week. Note the improvement your complexion shows:

Nature's rule to "Keep That Schoolgirl Complexion!" Wash your face gently with Palmolive Soap, massaging it softly into the skin. Rinse thoroughly, first with warm water, then with cold.

If your skin is inclined to be dry, apply a touch of good cold cream—that is all.

Do this regularly, and particularly in the evening. Use powder and rouge, if you wish. But never leave them on over night. They clog the pores, often enlarge them. Blackheads and disfigurements often follow. They must be washed away. Just do this and keep your skin soft and lovely—wrinkles will be less a problem as the years advance.

Get Real Palmolive Do not use ordinary soaps in the treatment given above. Do not think any green soap, or represented as of palm and olive oils, is the same as Palmolive.

It costs but 10c the cake!—so little that millions let it do for their bodies what it does for their faces. Obtain Palmolive today. Then note what an amazing difference one week makes. The Palmolive Company (Del. Corp.), Chicago, Illinois. (Advertisement.) 3164

Sure Way to Get Rid of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. Then you destroy it entirely. To do this, just get about four ounces of plain, ordinary liquid Arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning most, if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be lustrous, glossy, silky and soft, and look and feel a hundred times better.

TOWER

AN ALL-STAR BILL

MISS FRANKIE HEATH

HARRY BURNS & CO.

Something Subtler Than Actual Cash Makes Marriage Go

BY DORIS BLAKE.

Bill is earning \$25.00 a week and wants to marry Evelyn. He is 24. She is 23, declares she loves him, but wants to wait a couple of years before marrying him. By that time she thinks he will be earning \$75 a week, perhaps more, and marriage will be easier for both of them. She hates to give up her \$25 a week job to try to manage on Bill's \$25.00. Bill is beginning to suspect that Evelyn does not love him as she might. And he is wondering if she would be the kind of wife who would never be willing to make a sacrifice.

And he is a wise Bill to do his wondering before it is too late. A girl who will not accept a man on \$25.00 a week does not love him enough to deserve him. No matter what he would be earning she would still be a discontented wife. For no other reason than that her happiness would have to come first. She'd be unfitted for the wifely job. Sixty two fifty is no meager salary as salaries go. Some young couples who are making a go of it on less would think it a splendid income. Families are being reared all through the land on less. Homes are being paid for, and children are being substantially fed and educated on \$50 a week, and less.

So, if I were Bill I think I would look around and see if I could not find the makings of a better wife in one of that large army of little young women that is willing to accept matrimony with less thought of self. One of that sort could save on \$25.00 a week. In fact, I know one who is saving a little every week on \$42.50. She would laugh in your face if you ever tried to pity her. She has her Tom, senior and junior. This spring they are moving from the tiny Bronx apartment out to the country where Junior will have a yard to play in. A \$500 down payment for the house is being made.

DORIS BLAKE ANSWERS

Too Late.
"Dear Miss Blake: I am a high school kid. I have to refuse all invitations because I stayed out one night till 12:30. Do you think it right of my folks to do this? H. G. H."
You can't expect blame your parents, now can you dear? Your health and studies demand better hours.

Acts Like a Child.
"Dear Miss Blake: I am in love with a certain fellow who now and then does not speak. Should I ask him why he is acting that way? A. J. A."
Speak to him, anxious. Tell him he's a big boy now and should have outgrown those sulky moods. He may not realize how childish such actions are.

Athletic Stars in Cast of Wisconsin Club Play

Three star athletes of the University of Wisconsin are members of the cast of "Mary Ann," the annual musical comedy given by the Harefoot, which is to be presented here at the Eighth Street theater this evening. B. A. Schuman, a football and track man; Richard Ratcliffe, swimmer and diver on the varsity team; and Winston C. Kratz, swimmer, are among the players whose motto is "All our girls are men, yet everyone's a lady."

TRIBUNE COOK BOOK

BY JANE EDDINGTON.

Globe Artichokes.
At the cooking stage the globe artichoke or "ball thistle" is a bud—some bud! It is really a great green pompon which you hear many people inquiring about, asking its name and its wherefore, which shows that it is far from being a generally accepted vegetable.

Sometimes the blossom inside this bud—a filamentous blossom like that of all thistles—will leave its yellow bed and come up to the top of the globe or ball because the artichoke was picked so near to the time it would have blossomed. The blossom is of a pretty purplish pink color, generally, but there are many varieties of this plant. Sometimes, or generally, we see only those which have green bud scales or bracts, but some have brownish-red scales and some have violet.

The part of this bud which we eat is, first, the bottom or meat part of the bud scales (calyx) of the still undeveloped blossom), of which there are a great number, and second, the bottom of the globe on which the bracts and blossom are set. The French call this the "fond" in which we can see foundation if we look hard.

The dictionary defines the choke of this head as "the filamentous, or scaly interior of an artichoke head," which definition seems to contain a contradiction, for the first adjective means thready, and a thread and a scale are different. It is simpler to say it is the undeveloped blossom, or botanically it is the corolla of the flower to be, a mass of yellow threads, which only a few people eat and which some other people worry about when they try to determine how to cook this green, of which more anon.

The Italians eat the artichoke raw and cooked and often the whole bract or all the globe, or twice cooked. They fry it and they dry it. They also pickle it and combine it with piquant sauces (when cut up into bits) for their "antepasto" or hors d'oeuvre.

The Americans eat the artichoke raw and cooked and often the whole bract or all the globe, or twice cooked. They fry it and they dry it. They also pickle it and combine it with piquant sauces (when cut up into bits) for their "antepasto" or hors d'oeuvre.

FARM & GARDEN

By FRANK RUDGWAY

Driving hens out where they will get plenty of sunshine and keeping a hopper full of crushed oyster shell before the layers all the time is necessary to keep them from laying thin shelled eggs. Consumers are not interested in the thickness of eggs' shells but they are concerned about the value of the eggs as a food. Thin shelled eggs are not as good food as thick shelled. Hens must assimilate calcium, which they may get from oyster shell, to make egg shells.

Scientists at the agricultural station at Lafayette, Ind., say recent discoveries show that calcium or lime is not utilized by hens unless a substance known as vitamin D is supplied. Then hens must be out in the sun to get ultra violet rays from the sun which bring about the effect of the vitamin.

It is known to these scientists that the yolks of thin shelled eggs are also poor in vitamin D, since the hen must have this vitamin supplied if she is to put it into the egg. Don't set thin shelled eggs because the station men find that they hatch poorly.

The reason many flocks have been laying thin shelled eggs during the winter and spring is, according to Garlick of the Hoosier station, due to the fact there has not been an abundance of sunshine and the weather has not been suitable for getting chickens outside.

WASHINGTON SOCIETY

Washington, D. C., April 11.—[Special.]—Mrs. Melvin B. Erickson of Evanston, has arrived here accompanied by her young daughter, to visit the former's parents, the Vice President and Mrs. Charles G. Dawes.

Mrs. Medill McCormick, widow of the senator from Chicago, accompanied by their young daughter, Katrina, are guests of Mr. and Mrs. William Hard in their home on 28th street. Mrs. McCormick and her daughter have been guests for a time, of the late Senator's mother, Mrs. Robert McCormick. Miss Katrina McCormick has developed a case of measles and their visit with Mr. and Mrs. Hard will be prolonged a little and they will be here for at least a fortnight longer.

Discussion of the two teas of Mrs. Charles S. Deneen, wife of the senator from Chicago, given Friday and yesterday for Mrs. Rose R. Anthon of Chicago, who has been Mrs. Deneen's guest for some weeks, was general over the tea cups today, for their wonderful interest. Mrs. Anthon at both teas gave interesting talks of her seven years' experience as personal secretary to an Indian princess.

WHAT'S WRONG HERE?

Musical Society Recital.

The Lake View Musical society announces an organ recital at St. Chrysostom's church at 2:30 o'clock this afternoon, after a business meeting of the society and the report of the nominating committee. The Lake View chorus will assist in the organ recital, under the direction of William Boeppler. Mrs. George Lokes of 1423 Rosemont avenue is in charge of the ticket sale.

NEW YORK SOCIETY

New York, April 11.—[Special.]—Mr. and Mrs. William R. Edgington of 830 Park avenue have cabled from Paris to relatives and friends in this city to make formal announcement of the engagement of their daughter, Miss Florence Edgington, now with them, to George Bruce Ismay, second son of Mr. and Mrs. J. Bruce Ismay of London and Hoylake, near Liverpool, England.

Mr. and Mrs. Robert Alexander Hamilton gave a small supper dance last night in the far east garden of the Vanderbilt for their daughter, Miss Cadence Hamilton.

Morgan Belmont has leased for the summer the home of Mrs. A. W. Powell in Westbury, L. I.

Brig. Gen. and Mrs. Cornelius Vanderbilt are at the Homestead in Hot Springs, Va., to remain until April 30. Miss Grace Vanderbilt is expected there later.

The Hon. and Mrs. Cecil Campbell will sail on the Majestic Saturday.

Seminary Spring Luncheon.

The annual spring luncheon and bridge of the National Park seminary will be held at 1 o'clock tomorrow afternoon at the Piccadilly tearoom.

Let Your Children Help Choose the Milk They Wish to Drink

This is a fair proposition, isn't it? Children drink a large portion of the milk delivered to the home. They thrive best on milk they like.

A ten-year-old child is a critical judge of good milk.

You cannot see all the merits in milk, because many of the merits are invisible.

For example: Test that sweet taste of "Selected" milk.

How different and how pleasing!

How smooth and velvety!

Take the milk drinking portion of your family into partnership.

Let them try "Selected" milk for two weeks.

We'll abide by their decision.

WANTED-FEMALE HELP.
Saleswomen.

=====

SALESWOMEN.
OPPORTUNITY.

Wanted—Young women, of any age or color, who really want to make money either full time or in their spare time. It is not necessary for us to employ saleswomen either in our store or in their homes. You may send your most fascinating picture and a short resume to us. The latest and most successful mode known is taught. Your sales are large in Chicago, and here the girls are unlimited. When you receive your first order, your opportunity is unsurpassed; no one can offer better.

Furnish leads and assistance in Monday and Tuesday, July 14 to 15, tomorrow, 9 a.m. to 4 p.m.
